Texas Eastern Buys Site For New Pump Station

Texas Eastern Transmission Corporation has purchased a 10-acre site on the Parsons farm between Ryerson Station and Bristol, on which to build a new pump station. Several dwellings will also be erected for personnel.

The company's Station 20 near Applegate School, will continue to operate as a separate unit.

Texas Eastern has been given authorization by the Federal Power Commission to build a 30-inch line from the southwest to the Middle Atlantic area to bring in additional gas to manufacturing plants.

The company is also building a huge storage field in Westmoreland County in conjunction with Peoples Gas Company.

No date has been set for construction to begin, but it is believed work will begin soon.

Texas Eastern owns the "Inch" lines which were built as a war emergency to pipe liquid fuel and which are now used to bring in gas from Texas, Louisiana and Oklahoma.

'The Tenmile Country and Its Pioneer Families'

(COPYRIGHT, 1950, By HOWARD L. LECKEY)
(Continued from Last Week)

THE O'NEAL FAMILY

When Felix Hughes brought his family to the Tenmile Country about 1767, two of his cousins, Henry and Barnet (Barnabas or Barney, etc.) boys about the age of Felix Hughes' own sons, were in the party. Tradition says that one of these boys was bitten by a poisonous snake in the journey over the mountains and almost lost his life. As Felix Hughes was a son of Thomas and Briget (O'Neal) Hughes, the relationship with the two boys may easily be seen. The same tradition says they were orphans, though this fact is not proven. A frayed page in the Swan-Hughes Bible indicates that Barnet O'Neal was born in 1751. He appears to have married before 1772 when he is found at the head of a household in the Springhill Township, Bedford County tax list. It is almost certain that both Barnet and Henry O'Neal served in the Revolution, but the evidence for Barnet O'Neal is not as conclusive as for his brother Henry O'Neal, whose name is found among the Frontier Rangers from Washington County for 1778-1783. But when David Owens was relieved of the command of his company at Fort Jackson, and replaced by Captain William Harrod, a group of men who had served under Owens, requested on October 22, 1776, that Captain Owens be restored to command them on a coming expedition. They stated that Barney O'Neal and Harrod were competent to judge the ability of their former captain, indicating that Barnet O'Neal had been in the service. (Draper Mss 4 NN 30-31)

Barnet O'Neal did not survive the Revolution, for Washington County court records show that he died about 1779, his estate being filed in Monongalia County, (West Virginia, where on March 6, 1779, William Crawford, William Shepherd, and Charles Swan made an appraisal. The estate was administered by Thomas Hughes, who filed an account on March 5, 1780. A will is mentioned but it was probably destroyed by the fire at Morgantown in 1796. As Barnet O'Neal left three minor children, the care of these minors devolved upon Washington County after the boundary controversy had been settled, thus guardians were appointed there and a recital of the estate is found in the Orphan Court Docket. The land on which the elder Barnet O'Neal had settled was near the old Shepherd Church and was warranted to his heirs April 18, 1785, under the title of "Turkey Flat," and then patented to them when they reached legal age, under the title of "Union." These court actions show the names of the children of Barnet O'Neal, but no wife's name is found.

THE REX FAMILY

The story that George Rex was a son of George III, King of England, by a morganatic marriage, with the beautiful Quakeress, Hannah Lightfoot, is a lot of balderdash, just as the statement that he wrote with his own hand in his family Bible, that he was born in England. The truth of the matter is that he did not write—he made his mark. This also sets aside the suggestion that he came over as an officer in the British Army, officers had to write out reports. The truth is that the Rex Family settled around Philadelphia, and that there were quite a few of them in Montgomery County in an early date. It is evident that George Rex was of that Montgomery County group which moved from the vicinity of Philadelphia to Lancaster County, and then to Mifflin County, Pennsylvania. Quite a number of Jefferson families were in this migration, which came to the Tenmile after the Revolution. It is true of the Staggers, Honnells, Eisenmingers, Johns, Tustin, Styles, and other familiar names.

There can be little doubt that the George Rex, who served in Captain David Boal's Second Company of the Seventh Battalion of Cumberland County, Pennsylvania Militia, was the ancestor of the Jefferson family. (Penna. Arch Series V, Vol. 6, pp. 476) The name appears elsewhere as George Rexworthy, but someone dropped a comma, i. e. George Rex, worthy, when he took the Oath of Allegiance and Fidelity at Lancaster on December 8, 1777.

- George Rex was born in 1750, probably in Montgomery County. He married in 1772, in Pennsylvania, Margaret Kepler, said to have been a native of Holland, newly arrived, who could speak very little English. Their first child was born in Lancaster County in 1773, but before the next child was born in 1775, he had moved to Mifflin County (a part of Cumberland County, Pennsylvania, until 1789) and then about 1791 he removed to the Tenmile, where he bought the tract of land of Captain William Harrod and spent the remainder of his life. He died here on May 1, 1821, and his will was filed for probate in Greene County, on November 15, 1822. His wife, Margaret (Kepler) Rex, was born in 1752, and died September 5, 1828. Both were buried in the old cemetery on their farm, but in late years the remains were moved to the new cemetery at Jefferson, and the markers set up anew. During his life, George Rex erected an Episcopal Church upon his land but this too has long since disappeared.
- The following is the family record of George and Margaret (Kepler) Rex:
1. Mary Rex, born in Lancaster County, Pennsylvania in 1773, died in Greene County in 1849. She married, August 27, 1795, John Hughes, son of Thomas and Elizabeth (Swan) Hughes, born May 7, 1774, died July 23, 1844.
 2. Elizabeth Rex, born in Mifflin County, Pennsylvania, April 20, 1775, died at Fredericktown, Washington County, Pennsylvania, September 20, 1852; married, July 15, 1794, John Bower, born at Lancaster, April 23, 1772, died at Fredericktown, July 29, 1836.
 3. George Rex, Jr., born in Mifflin County, October 14, 1778, died at Jefferson October 18, 1856. He married, 1806, Jane Black, born August 18, 1785, died December 27, 1850. She was probably born in Adams County, and a sister of Judge Samuel Black, and Mrs. Marcena Michener.
 4. Edward Rex, born in Mifflin County, November 24, 1782, died at Bolivar, Ohio, February 28, 1845; married, December 21, 1821, in Muskingum County, Ohio, Hatty Huffdale, born October 20, 1796. After the death of Edward Rex, his widow married Abraham Milliken. They lived near Zanesville, Ohio, where their eight children were born.
 5. Martha Rex, born in Mifflin County, January 15, 1783, died in Jefferson County, Ohio, January 31, 1859. She married William Winters, born in Lancaster County, in 1777, died September 19, 1849.

6. Jonas Rex, born in Mifflin County, February 4, 1785, died in Jefferson County, Ohio, where he had moved in 1811. His wife was Rhoda Milliken, daughter of John and Pernelia (Styles) Milliken, whom he married February 16, 1808. She was born December 8, 1788, and died March 22, 1870.
7. Hannah Rex, born in Mifflin County, July 16, 1787, died December 25, 1866; married, October 6, 1805, at Jefferson, Isaac Shane, son of James Shane. They settled near Richmond, Ohio.
8. Margaret Rex, born in Mifflin County, November 9, 1789, died May 1, 1808, about one year after she married William McCullough.
9. Benjamin Rex, born in Greene County, January 9, 1792, died in Jefferson County, Ohio, September 17, 1854. He married January 23, 1816, Anna Barclay, daughter of Hugh and Ann (Darragh) Barclay, born April 20, 1795, died June 7, 1838. SAFETY SALESMAN

"Curly" Dunn* is a Texas Eastern Safety Engineer. He rides a five hundred-mile circuit telling the story of Safety on the Inch Lines. At each compressor station he holds regular safety meetings, supervises the First Aid training program, checks safety equipment, promotes competition for safe driving awards, and teaches safe working habits. He lives by the rule that "accidents don't have to happen."

Curly is backed up by scores of safety devices installed on Texas Eastern's natural gas pipe lines during the heavy construction of the past three years. Steel and masonry buildings, automatic valves, explosion-proof electric and telephone equipment, mobile fire apparatus all help Curly in his job.

How well does he sell safety? 1949 figures show 10% fewer accidents among Texas Eastern employees than in the Natural Gas Industry generally—and the Gas Industry itself has a good safety record.

AWARD TO TEXAS EASTERN FOR 1950 SAFETY RECORD

The National Safety Council has given its 1950 achievement award in the oil and gas pipe line industry to Texas Eastern Transmission Corporation. The award is made in the Council's Petroleum Section Safety Contest for outstanding progress in reducing disabling injuries.

*"Curly" Dunn is simply a name used to represent the several safety engineers who, in real life, devote their full time to serving the Inch Lines in the communities of ten states.

COMMUNITY FIRST AID TRAINING

Instructors trained in the Texas Eastern safety program are teaching first aid to Boy Scouts and other groups in many communities along the pipe lines. This work is a part of Texas Eastern's continuing activity as a community citizen.

Dangers of Wartime

Lesson for May 20, 1951

NOT all the dangers of wartime are to life and limb. More serious dangers threaten the minds, the attitudes, the characters, the souls of those who make war. Some of our readers will find a good war; others will draw a line between wars that are justified and wars that are not.

To Deter Who Is Left

One danger which war-making brings is that it gets everyone thinking that might makes right. Now might does not really make right and never did; otherwise the champion heavy-weight would always be the best man, morally, in all the world, and the

most helpless invalid would be the most wicked.

Along with this "might-is-right" idea is another one close to it: that the best way to persuade others to our way of thinking or to our way of living is to beat them over the head. That has never succeeded yet. You know yourself that you were never persuaded that way. Fists and guns and armies can make people change their tune, but never change their minds.

The way to change people is through their minds and consciences and hearts. One act of international goodwill, justice or generosity is more potent than tons of high explosives. The sending of food, services, skilled help such as doctors, and teachers, does more to win friends than any number of armed alliances. The Christian way is always the way of love.

The longer a war goes on, the more of a habit this crooked scale of values becomes. For instance: normally we value life above all things. Violent death is something to make the headlines, and causing death to others is something from which we all shrink. But in wartime we are all tuned, so to speak, to the business of killing.

Whatever genius such a nation may have, whatever productive power, goes mainly to building up the military "potential," devising more and better ways of inflicting sudden death.

Dr. Charles Leber tells of remembering, when a boy, how his father and mother read in the paper about the sinking of the steamship Titanic, which went down with the loss of over 1,500 lives. It was breakfast time when they read the paper; but neither father nor mother could finish the meal.

That was before World War I. But now, forty years later, how many people would lose their appetite at reading of the death of a mere 1,500 persons? We are so used to slaughter that as Dr. Leber puts it, we have become brutalized, we have "lost our sense of compassionate shame."

The Illusion of Violence

Two last illusions pursue the warring nation. One is that war is normal. In reality, however necessary war may ever be, it is never normal; but let it run too long or come too often, and people take it for granted.

The other illusion is that it is possible by war to end wars, that by one more war, one more victory, peace will be secured once and for all. It never works.

"The one thing you cannot do with bayonets is to sit upon them." Arnold J. Toynbee has warned us (see his "War and Civilization") that "the ultimate failure of all attempts to win salvation by the sword... is demonstrated in history."

He might have taken his text from Isaiah 31, or the history of Israel and Judah, for Isaiah was saying much the same thing to both Hezekiah and Sennacherib. But neither one understood him; and so their nations died. For whenever any nation puts its supreme faith in force, and neglects the character of its citizens, or the justice of its institutions, then it has forgotten God.

The seven wonders of the modern world are the airplane, radium, antiseptics, antitoxins, X-ray, radio and the telephone.

Fifty-Year History of Greene County Sports

By GEORGE N. THOMAS

WAYNESBURG HIGH SCHOOL BASKETBALL

Coach Cadman A. Sims and Captain Albert (Abbie) Black were justly proud of the 1920-21 basketball team of Waynesburg High.

The school was able to pay a full-time coach, buy uniforms, finance trips and "still had \$400 in the treasury as a foundation for a permanent athletic fund for Waynesburg High School."

Schools had not, at that time, begun awarding letters but Waynesburg distributed gold basketballs inscribed "WHS 1921."

In 1921, Abbie and Charles Kyle were graduated. At Penn State, another young man was finishing. Frank N. Wolf.

Frank came to Waynesburg High, not in spite of but because of Waynesburg College, as a multi-sports coach. Yet he found time to coach the scholastics.

Coach Wolf was a strapping fellow, but he didn't dwarf many of the boys on the high school team. Seldom had the school sent such players against Waynesburg foes. This team is still called "the great one."

This 1921-22 squad had Fred (Able) Kimbel, John (Freckle) Hoy, Captain Bill Kyle, Bill (Tiny) Ullom, Bob (Red) Rinehart, Bill (Buck) Evans, Julius (Butch) Biery, and Lee (Ace) Hoffman.

Wolf, the maker of champions on College Heights, is remembered for his continuous practice and rigid discipline.

When Waynesburg was ready, he took the team to Blacksburg where they held them to 15 points. A week later, Blacksburg came to Waynesburg. It was the same story.

Washington game rolled around. W. & W. railroad scheduled a special train. Wolf on the eve of the game became ill, and Assistant John Stephens directed the strategy.

Waynesburg trounced Washington easily. Then Alumni and Uniontown High fell before the team. Hickory was swamped for the sixth straight win. Kimbel, Kyle and Hoy scoring a majority of points.

Through the entire 1921-22 campaign, only three teams succeeded in looping more than 20 points against Waynesburg, and Claysville dropped in 23 markers.

Waynesburg swung into February on a seven-game win streak.

The roughest game of the season was played on Hickory's floor. Hickory threw a wall around Waynesburg's basket. Only the excellent playing of Hoy and Ullom enabled Waynesburg to emerge a 4-point victor.

A few nights later every nook and cranny in the Armory was filled to see another battle with Washington.

Waynesburg's rapid-shifting defense never worked better and Washington didn't score a field goal until the second half.

Later the finale here with Claysville was attempt No. 13, but it was a lucky number for Coach Wolf's boys. Claysville was not a setup. At halftime, Waynesburg led by a single point. Then Kimbel, Hoy and Ullom peppered the basket with two-pointers for an easy win.

Waynesburg had done it—an undefeated season.

Coach Wolf inquired into PIAA possibilities but it was too late. The playoffs had begun and Waynesburg's most powerful quintet never had a chance to reach the zenith.

Horse Show June 15-17

The annual horse show of the Greene County Saddle Club will be held Friday, Saturday, and Sunday, June 15, 16 and 17, at the Greene County Fairground.

Fifty-five classes are scheduled and prizes will top \$5,000.

Henry Davis, Wartrace, Tenn., will judge the walking horses, and Harry B. Thornton, Bradfordsville, Ky., will judge the gaited saddle horse and fine harness classes. Both men are rated among the country's top judges.

Officers of the club are: Murdock Fuller, Waynesburg R. D. 3, president; W. Robert Thompson, Waynesburg, vice president; Victor B. Throckmorton, Holbrook, treasurer; and E. J. Sexton, Waynesburg, secretary.

When the highest section of steel is placed on a large building during construction, the American flag is displayed.

Richhill Drops Two To Carmichaels

Carmichaels High School won a double-header from Richhill Township at Carmichaels last week, to come closer to gaining back the county lead from Jefferson. The Mikes took the opener 14-2, and the nite-cap, 10-0.

In the first game the winless Ridgers pulled a triple play on the Mikes in the sixth inning. Belon had walked, gone to second on Jim Kessler's single. Colbert then lined to centerfielder Frank Burns who threw in to Pitcher Bud White who tossed to Second Baseman Wright and from there Wright threw to first to complete the baseball rarity.

In the second battle Coach Al Cree sent in only reserves and the Mikes won 10-0 behind the two-hit pitching of Vince Markiewicz who was hurling his first game for the Creemen.

Yellow Jackets Stop Duquesne In Night Game Here, 6-5

Waynesburg College's Yellow Jackets pulled the old squeeze play in the ninth inning to eke out a close 6-5 victory over Duquesne University in a game played at College Field Monday night. The play enabled hometown pitcher Johnny Hoffman to get credit for the win.

Mikes Win Meet; H. Diehl Runs Record Mile

Carmichaels High School won the Greene County Scholastic track meet at Carmichaels last week with ease as they scored a total of 78½ points. Other schools scoring were Jefferson, 44; Mt. Morris, 24½; Waynesburg, 14½; Mapletown, 13; and Center Township, 2½.

Harry Diehl, classy miler from Mt. Morris High School, set the only new record of the meet as he lowered the 17-year-old mile mark to 4:44.6, nearly five seconds faster than it had ever been run. Diehl finished way out in front of the pack, and had he been pushed, may have had better time than he did.

run lead in the first inning when Kirsopp doubled home Dave Clelland who had walked.

After Duquesne had tied the game one-all in the fourth, the Jackets came back in their half of the same inning to score four runs and once more take the lead. With one out, Novotny walked, Brown singled and Pudliner walked to load the sacks. Laird struck out but singles by Clelland and Mansfield cleaned the bases.

Duquesne scored three runs in the seventh as Laird walked four men. Johnny Hoffman was called in and promptly walked in another run. He then settled down and got out of the jam allowing but one more run that inning when Kukora scored on a long fly to left.

The Dukes tied the score in the ninth when, with two out, Green hit a triple and scored when Davis threw wild at second in an attempt to pick off Ivol who had walked.

Clelland, Kirsopp, and Brown, each had two hits to lead the Jackets at the plate, while Jacket pitching scattered six hits among the Dukes.

WEST LIBERTY FALLS

Last week Waynesburg College traveled to West Liberty, W. Va., and came out of the hills with a 10-7 victory over West Liberty State Teachers College.

Waynesburg scored in the first inning on a double by Clelland, an infield hit by Kirsopp and a long fly by Hurtkey.

West Liberty tied the score one-all in the fourth without getting a hit.

The Jackets forged to the lead again in the fifth as they pushed across five runs on four hits. West Liberty then rallied for four runs in the sixth, but Waynesburg scored three more in the eighth to ice the game.
