### Children of Levi and Rachel (Mills) Harrod

- John Harrod, born 1770-72, died in Knox County, Ohio, March 17, 1814; he married in Greene County, Pennsylvania, Mary Stocton, who joined him in a deed of July 1, 1806, in the sale of their land to William Buckingham. His burial was the first made in Owl Creek Cemetery in Knox County.
- Michael Harrod, born 1774, died April 11, 1853; married Agnes Ulery. He and his wife sold their land in Greene County in 1811 to Allan Topping and Stephen Crayne, and moved to Knox County, Ohio, where at one time he owned 1700 acres of land. They were parents of fifteen children.
- Sarah Harrod is mentioned in her father's will, though an estrangement is indicated, as her father is uncertain as to whether she was living at that time, and makes certain that any of her children may not inherit from his estate if she be dead. It has been ascertained that she had removed to Kentucky about 1800, and settled in Harrison County where the heirs of her husband, Benajah Dunn, are found in Deed Book 15 pp. 421. Her husband, Benajah Dunn, probably the son of Benajah Dunn, Sr., who in 1774, sold cattle to Captain William Harrod for the Dunmore War, had died in Kentucky about 1835, his estate being settled there in January Term of Court in 1835. Sarah is not named among the heirs and it may be presumed she had died before her husband, but the names of the heirs clearly indicate the relationship. A Bible record has been sent by Mrs. Price Doyle of Murray, Kentucky.

### Children of Benajah and Sarah (Harrod) Dunn

- Elizabeth Dunn, who married, February 2, 1815, John Swinford. A Bible record of this family shows that she was born October 18, 1793, and died in Nodaway County, Missouri, April 26, 1880. Her husband was born April 14, 1796, and died September 18, 1847.
- Rachel Dunn, married, February 19, 1818, William Price.
- Abijah Dunn, Jr., executor in his father's estate, married, February 19, 1818, to Susannah Harris.
- Zepheniah Dunn, married, November 3, 1823, Lavina Brownfield.
- Abijah Dunn, wife's name was Nancy \_\_\_\_\_
- Massy Dunn, married, September 2, 1823, George Wolf.
- Levi Dunn, married, October 31, 1804, Sarah Hinton.
- Sarah Dunn, married, March 8, 1828, Samuel Smith.
- John Dunn, whose wife was Patsy \_\_\_\_\_
- James Dunn, who died prior to his father and left children.

- Levi Harrod, Jr., born in Greene County, Pennsylvania, January 30, 1777, died in Knox County, Ohio, December 14, 1862. He married, February 14, 1800, Rebecca Burge, daughter of Elijah and Mary (Minor) Burge, born in Greene County in 1780, and died in Knox County on July 7, 1866. Removed to Ohio in 1804.

The following draft of a Proclamation, was laid before Council, read and adopted:

PENNSYLVANIA, ss:  
By the Supreme Executive Council of the Commonwealth of Pennsylvania.

### A PROCLAMATION

WHEREAS, A certain agreement was entered into between this Commonwealth and the Commonwealth of Virginia, on the thirty-first day of August, 1779, which Agreement was afterwards, to wit: on the twenty-third of June, 1780, confirmed by the State of Virginia, subject to several conditions, one of which was: "That the private property and rights of all persons, acquired under, founded on, or recognized by the laws of either State, previous to the twenty-third of June, 1780, aforesaid, be secured and confirmed to them, although they should be found to fall within the other; and that in the decisions of disputes therein, preference shall be given to the elder or prior right, whichever of the said States, the same shall have been acquired under; such persons paying to the State within whose boundary their lands shall be included, the same purchase money which would have been due from them to the State, under which they claimed the right, etc."

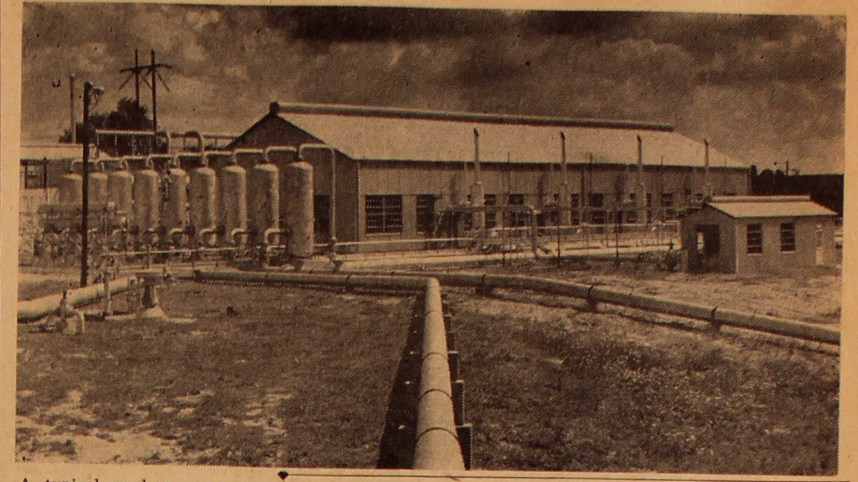

AND WHEREAS, It hath been made manifest to Council, that divers persons have applied to the State of Virginia, and have procured patents after the said twenty-third of June, 1780, whereby this Commonwealth is deprived of part of one of the branches of the revenue, and many well disposed persons may be led by such examples to procure patents in the same manner, to the future loss and damage of themselves, and of such may come into their place by purchase or otherwise:

WE DO THEREFORE, Warn all such persons who have procured patents from Virginia, since the said twenty-third day of June, 1780, not to rely on them as good titles to their lands, as also all such as are entitled to a confirmation of their titles to unpatented lands, whether originating in Virginia or Pennsylvania, that the Act of Assembly in being respecting the patenting all such lands, will expire on the tenth day of April, 1788, of which all persons concerned, are to take notice, and govern themselves accordingly.

GIVEN IN COUNCIL, Under the hand of the Honorable Charles Biddle, Esquire, Vice President, and the seal of the State, at Philadelphia, this twenty-sixth day of September, in the year of our Lord one thousand seven hundred and eighty-seven.

## Texas Eastern Transmission Corporation To Construct New Station at Connellsville

A typical modern compressor station on Texas Eastern Transmission Corporation's natural gas pipeline. The station pictured is a reciprocating station of a similar type to the one to be constructed near Connellsville, Pa. In the center background is the main compressor building. To the left of the compressor building is a battery of nine "scrubbers" which clean the natural gas before it enters.

### Cotton Planted In Jordan Valley

The Jordan government is encouraging cotton planting in the Jordan Valley, north of the Dead Sea, lowest body of water in the world. Ten tons of cotton seed have been purchased for distribution to farmers in the area and new irrigation wells are under construction.

### King's Messenger Ends Long Tour

—Singapore—

R. Perryman, a King's messenger, is on his way back to Britain after a six-month tour of duty in Southeast Asia during which he traveled 96,000 miles. Perryman has covered 1,500,000 miles by air and delivered Britain's diplomatic mail to practically every country in the world.

When you land that big one that couldn't get away, you may, after the victory, give credit to fishing equipment that can take it. If you do, give partial credit to natural gas that flows through your county. Gas is used in making stainless alloy casting rods, glass fiber rods, tempered hooks, dyes for flies. Even minnow buckets are shaped by gas. And, of course, gas provides the best way to cook the fish.

The fish that couldn't get away from you... can blame this local angler, too.

The fish doesn't know it, but he can blame this Texas Eastern operator for having had a big part in supplying the tackle that landed him. On the job, the operator who helps run the natural gas pipe lines in your county keeps gas flowing to scores of industries that make many essential commodities. Off the job, he and most of his fellow employees take to fishing as their favorite hobby—relaxing from the job with fishing tackle they helped to make.

First National Bank of Carmichaels, on July 1, will have completed 50 years of service to Greene County and southwestern Pennsylvania. The institution opened with capital of \$25,000, and has enjoyed steady growth until it now possesses capital and surplus of \$350,000, with resources of more than \$4,000,000. Several years ago an addition to the building was necessary because of increased business. The entire banking room was enlarged and remodeled and more commodious

quarters were made available for the officials. F. M. Mitchener was president in 1901; with J. Ewing Baily, vice president; and Stephen A. Burnett, cashier. Other officials were: N. H. Biddle, Samuel Bunting, Isaac B. Patterson, George W. Strawn, Oscar Hartley and John C. Dowlin. In the past few years the Carmichaels district has been outstanding for its rapid growth. The Carmichaels bank has been a predominant factor in this development. Known as one of the strongest

banking institutions in the district, present officers and directors are: L. T. Laidley, president; Richard L. Baily, vice president and cashier; Frank G. Huston, assistant cashier; Karl M. Baily, assistant cashier; Walter C. Montgomery and Gilmore F. Bell. An anniversary booklet detailing the growth of the bank and the community has been printed. Customers and friends will receive copies by mail. A dinner party for officials, employees and their guests was held Wednesday night in the Greene County Country Club.

**Soldiers Like Food Plain and Plentiful**

—Atlantic City—  
The Army asked how the troops like candied turnips, and the troops all hollered "Ugh!" When it asked what they thought of chilled asparagus salad, they cried out as one man: "Give it to the lieutenant!"

The low opinion held of the turnip, though no surprise, is one of the facts now scientifically confirmed by the Quartermaster Corps in a survey of what the Army likes to eat, a speaker told the 54th annual meeting of the American Society for Testing Materials this week.

R. Palmer Benedict, a civilian adviser to the Quartermaster Corps in Washington, said that questionnaires already distributed to 14,000 soldiers at Army camps throughout the United States show that the most popular foods are meat, potatoes, fresh lettuce and tomatoes, fresh buttered corn, lemon cream pie, and chocolate cake.

Most disliked item of 120 foods and beverages on which the soldiers were asked to express an opinion was iced coffee, he said. "Chilled asparagus salad, cauliflower with cheese sauce, candied

parsnips and turnips are also listed by the troops among the foods they can best do without," he stated.

The survey is to continue through next January and will eventually cover the preferences of some 40,000 soldiers. The Quartermaster Corps undertook it so it could better plan advance buying of supplies. But there are some things the investigators have decided no survey can show, Benedict said.

"They're still trying to figure out why 100 soldiers will eat more at certain times than at other times, or why they'll eat five pounds of green beans at one meal and perhaps 25 at another two weeks later," he said.

A soldier's age has something to do with his eating habits, the survey shows. An older man won't exactly eat anything, but he doesn't make as much of an issue of it as a younger one. Milk is the most popular food among soldiers of all ages, Benedict said, but hot coffee, also much in demand, enjoys its greatest preference among the older ones.
