## Waynesburg College Begins 103rd Academic Year

The 1951-52 academic year at Waynesburg College opens Thursday with the start of the annual Freshman Days orientation period which will continue through Saturday.

An extensive program of placement and other tests, social and recreational activities and orientation lectures by faculty members is listed for the orientation period.

With the GI education program nearing completion, enrollment at Waynesburg and all other colleges and universities throughout the nation will show a decline during the coming year. A recent nationwide survey showed that undergraduate attendance at colleges this year will again start to approximate the pre-war level.

Applications for enrollment in the Freshman class have been received from all the western tier of countries in Pennsylvania and from a number of countries in the central and eastern regions. A smaller number have been made from high school graduates in different parts of New York, New Jersey, Ohio and West Virginia.

The opening welcome address and the initial orientation lecture will be given by President Paul R. Stewart.

Four new faculty members, one of whom is returning to the college after having done graduate study, will be teaching this year. They are William Gassar of the chemistry department, who has been taking post graduate work at the University of Maryland; George R. Hunter, new director of the band succeeding Don Marcuse who resigned; James Haddock, athletic director, basketball and baseball coach, succeeding the late Stanton G. Keck, and John Wiley, head football coach.

Professor A. M. Mintier of the history department, and Julius Hill of the psychology department, are both on leave for graduate study.

## Fire Destroys Large Barn at Children's Home

Fire of unknown origin destroyed a large barn and contents at the Greene County Children's Home farm Thursday night about 7 o'clock. Waynesburg and Jefferson Fire Companies answered the alarm.

The barn was south of the home which was not endangered. A large quantity of hay was destroyed. A calf, which was the only animal in the barn at the time, was led to safety.

The fire was discovered by Edward Burnfield, who lives nearby, and by Arthur Huffman, a passing motorist, who turned in the alarm from the Texas Eastern dispatching station.

Loss was estimated at \$25,000. The building will be replaced as soon as possible since it is used to house a dairy herd.

A six room frame dwelling, owned by Lee Cole, and situated north of Brave on the Oak Forest road, was destroyed by fire Saturday night about 9:30. The house was unoccupied, since the family moved to New York some time ago. Blacksville Fire Company answered the alarm. Loss was estimated at \$4,000.

The former Lieutenant Governor of Pennsylvania made the statement after returning to his home here on a 14-day furlough. He said a vanguard of the division will leave for Europe early in November and that the remaining troops will follow about the middle of the month.

"The 28th Division will serve in the Atlantic Pact Army," Strickler said. "Training will continue in Europe. We are going over for a definite purpose and we have got to be ready for anything." He did not elaborate.

## Japan Signs Security Pact With U. S.

—San Francisco—  
Japan signed a security treaty with the United States Saturday giving this country the right to maintain "land, air and sea forces in and about Japan" after the Allied occupation is ended by the peace treaty.

The text of the treaty was made public here simultaneously with the opening of the signing ceremony at the San Francisco Presidio, headquarters of the Sixth Army.

Secretary of State Dean Acheson, Ambassador John Foster Dulles, Senator Alexander Wiley (R), Wis., and Senator Styles Bridges (R), N. H., signed for the United States.

Primes Minister Shigeru Yoshida signed for Japan.

The treaty provides that during the time American forces are stationed in Japan, that nation will not grant "without the prior consent" of the United States, any bases or any rights to any third power for military purposes.

The key article of the brief pact states:

"Japan grants, and the United States of America accepts the right, upon coming into force of the treaty of peace and of this treaty to dispose United States land, air and sea forces in and about Japan.

"Such forces may be utilized to contribute to the maintenance of international peace and security in the Far East and to the security of Japan against armed attack from without, including assistance given at the express request of the Japanese government to put down large-scale internal riots and disturbances in Japan caused through instigation or intervention by an outside power or powers."

## World War I Co. K Reunion

Fifty-five men attended the 30th annual reunion of World War I Company K, 110th Infantry, 28th Division, here Saturday, in the State National Guard Armory on North Washington street.

E. O. Clayton, and Glancy Smith, both of Waynesburg, were re-elected president and secretary. They have served in this capacity for a number of years.

Attorney Walter C. Montgomery of Waynesburg, captain of the company when it was mobilized in April 1917, spoke at the business session. Men from six states were represented.

Letters were read from U. S. Senator Edward Martin, World War I commander of the 110th Infantry; Mark Feit, formerly of Jefferson, now of Easton; Lieutenant Colonel William W. Hague, an enlisted man in World War I and now a special service officer in Okinawa, and from former Lieutenant Edward R. Foudy of New York City, who commanded the company during part of its service in France.

Three deaths occurred during the year. They were those of Basil Montgomery, Charles Dittman and Howard Leckey, all of whom lived in Waynesburg. Mr. Leckey's family gave a wreath to decorate the memorial tablet at the armory.

## Truman's Talk 'Magnificent', Says Lawrence

David Lawrence, writing from Washington, says in the Pittsburgh Post-Gazette:

America and the free world can be proud of the statement that a President of the United States was able to make on the occasion of the signing of a treaty of peace between the victor and the defeated.

Nowhere in the technical phrases of the treaty itself, quite naturally, are to be found the phrases of interpretation which a magnificent speech by President Truman bequeathed to all history to read. There are two sentences of that speech which tell the story of an achievement unparalleled in modern times, indeed, of a document unmatched anywhere in the treaties of peace of the past. Those two memorable sentences read as follows:

"It (the treaty with Japan) does not contain the seeds of another war. It is a treaty of reconciliation, which looks to the future, and not the past."

To be able to make that statement persuasively, to be able to point to the deeds that actually prove its truth in the records of our army of occupation, to be able not only to say that there was no spirit of revenge but to be able to point to acts that corroborate it, is to express the moral force of America in the free world.

This moral force is not the attribute alone of the American Government of today. It springs from a long line of precedents expressed in public pronouncements since World War I began. It is the reflection, moreover, of the viewpoint not of just one political party but of all parties in the United States, not of just the spirit of American ideals but of the ideals that free men hold everywhere. All this has not come to fruition heretofore in such concrete facts of international relationships as are evidenced in the treaty between the Japanese and those who fought victoriously against them.

## Urges Bond Issue For Sewage Plant

Approval by Waynesburg voters of a bond issue to finance completion of the sewage plant, was urged by Burgess R. Wallace Maxwell at the Waynesburg Rotary Club meeting Monday night.

The question of a bond issue for this purpose will again be submitted to borough voters in November. Last year it was voted down.

The state is demanding a secondary unit be added to the present plant to prevent sewage from going into Tenmile Creek.

Mr. Maxwell stated that a bond issue would be cheaper because one half to one per cent interest could be saved rather than create an authority for the purpose.

He also reviewed the Pennsylvania Economy League's survey of the borough financial situation.

## Gas Well Struck In Aleppo Township

A 100,000 cubic foot gas well was brought in several days ago on the James Whipkey farm near Aleppo, by J. G. Devine & Company of Waynesburg, who were drilling deeper in an old well.

The strike was made in the Baird Sand at 3,550 feet, about 200 feet down from the old well. Gas is being sold to Peoples Natural Gas Company.

## Russia's Refusal Expected

Saturday, September 8, in the year of our Lord, 1951, nine years, nine months and one day after Pearl Harbor, Japan signed a peace treaty with 48 former enemies, which automatically welcomed her back into the big family of friendly nations. Russia, and her dominated satellites—Poland and Czechoslovakia—as was expected, refused to sign.

Japan's Premier Shigeru Yoshida, a diminutive man in black cutaway coat, was the last to affix his signature. The time was 3:34 p. m., Eastern Daylight Time, and the place was San Francisco.

John Foster Dulles, author of the treaty, will go down in history as one of the greatest diplomats of all time. He spent 11 months going from one country to another, working out drafts which would be satisfactory to all parties concerned.

The minute the ceremony was over, Mr. Dulles and Secretary of State Dean Acheson, the presiding officer of the conference, were besieged by autograph hunters and only white helmeted military police from the U. S. Sixth Army brought order to the spectators.

Argentina was the first to sign, Hipolito Jesus Paz, that country's ambassador to the United States, strode quickly to the platform and affixed his name.

Most countries were represented by only one signer. The largest delegations to come forward were Japan and the Philippines, each with six.

General Carlos P. Romulo, Philippines Secretary of Foreign Affairs, led his delegation to the table.

It was Romulo who coined one of the best remembered phrases of the conference.

The little general told Yoshida: "It's not that we will let bygones be bygones, but to make sure that bygones will not happen again."

Acheson was the first to sign for the United States. He was followed by Dulles, Senator Alexander Wiley (R), Wis., and Senator John J. Sparkman (D), Ala.

Acheson came down from the presiding officer's chair to take the pen in hand and affix his name to the historic document.

Each signer was given the pen he used as a keepsake.

The ceremony took an hour and 12 minutes.

Acheson spoke briefly just before he closed the conference, calling the treaty "something unique—a true pact of reconciliation." He was given a rising ovation as he ceased talking.

Andrei Gromyko, Russian delegate, issued a 3,300-word statement charging that the treaty did not guarantee Japan would not be able to build another war machine and that no treaty with Japan would be worthwhile unless Red China were invited.

## Dulles Hails General MacArthur

—San Francisco—  
A telegram of congratulation was dispatched to General MacArthur by John Foster Dulles as the Japanese peace conference came to a close.

Dulles' message, addressed to the general at his hotel in New York, read:

"As we are about to sign the Japanese peace treaty, my thought, like the thoughts of other delegates, will turn to you. You will be present in spirit, for the signing delegates and the witnessing multitudes all know that without your great leadership in war and peace, the results achieved here would not have been obtainable."

## Woman Asked To Sign Checks

A dark-haired youth wearing a gray suit, and aged about 22 years, attempted to get Mrs. Frances Bally of East High street, to sign three blank checks, when he walked into her home Tuesday as she answered the doorbell.

A young man answering the same description had attempted the same thing elsewhere in the neighborhood, it was reported. Borough police are investigating.

### Family of Rees Heaton

- Rees Heaton, son of Isaac and Hannah (Bowen) Heaton, born in Virginia, February 7, 1783. From Mrs. Austa Heaton Daniels of Princeton, Illinois, a fine lady over eighty years of age, we received a long-hand transcription of the entire genealogy of the Rees Heaton Family. She had prepared this without so much as an erasure, or a single error, writing a smooth hand, with pen and ink, that would shame many younger persons. We copied it, in toto, for the Heaton Book. Mrs. Daniels is a granddaughter of Rees Heaton. She states that Rees Heaton spent his youth in Greene County, where he met and married, on September 4, 1811, Sarah Weaver, daughter of Isaac and Abigail (Price) Weaver, who was born in Harrisburg, Pennsylvania, December 29, 1792. In 1814, Rees Heaton joined his brothers, James, Isaac, Daniel, and Jacob, in Trumbull County, Ohio, where he remained until 1835, at which time he removed with his eldest son, William, to Illinois, to build a new home about seven miles from Princeton, on land that had been entered from the government by William Shirley, who left it about the time of the Black Hawk War and never returned to it. It was then taken up by a Mr. Frankenberger, who sold his rights to Rees Heaton for the sum of ten dollars. In 1836 Rees Heaton prepared his family for the long journey west and in May they set out with three teams, wagons and buggy for the new home. The journey consumed seven weeks. The new home had all the requirements that the pioneers needed, rich fertile prairie land, with a stream running through it, and adjacent to needful timber. This timber which in Illinois, usually followed streams, came to an abrupt end on a few acres on a corner of the farm, where Rees Heaton built his cabin, which soon took the name of "Heaton's Point." All his children settled near by when they reached maturity and married, either buying the land from the government at one dollar per acre, or purchasing it from others who had made improvements. They were all farmers and improved their properties with good durable buildings. In the early days, the pioneers missed the schools, which were few and far between. A neighbor of Rees Heaton, who had several children, and lived about three miles from the Heaton home, had a two room log cabin and offered the use of one room for a school. Isaac Heaton, son of Rees, obtained his certificate and taught there until a new school was built near the Heaton home. Marketing was a big problem in those days, with Chicago still a small village, but with good shipping facilities, it proved the only outlet for surplus grain. For several years the pioneers had to haul their grain 104 miles to Chicago, a custom in vogue until the C. E. & Q. came to Princeton in 1854. Elizabeth Heaton and her husband gave two acres of land for a church and erected upon it the "Heaton's Point" Baptist Church. The Cemetery plotted on the remaining land, took its name from the Church. It is here that Rees Heaton, his wife, and many of his descendants are buried. In 1855, Rees Heaton and his wife sold their farm to their daughter, Abigail, and her husband, but continued living there for a time, finally moving to the home of their son, Isaac, with whom they spent their last days. Rees Heaton died on June 7, 1878. His wife died on December 16, 1876.

A hidden ingredient in your country's aerial defense ...

is a hidden asset in your county

The flashing jet that's a symbol of America's aerial defense is created with the help of natural gas. The finished airplane shows no visible signs of the hot gas flames that are needed to make its special metals, its radar, its radio, its machine guns and its tough outer skin. The hidden ingredient of natural gas is there, however. It goes into the building of tough fighting machines whose striking power is needed in our defense against aggression.

Here in your county, hidden underground, are Texas Eastern's pipe lines that carry natural gas for your country's aerial defense. Although hidden, they produce visible benefits in your county. Because they are owned and operated as a private enterprise, the lines have brought additional income to the county in taxes, purchases, and payrolls. They have also brought another asset in the form of the "good citizenship" of their employees.

### MOTORISTS' NIGHTMARE— Jackknife Hazard

The American Automobile Association has called on truck manufacturers, trucking associations and safety groups to undertake a careful study of the problem of truck jackknifing. The AAA's action followed a survey that revealed that three out of every 100 trucks were involved in jackknifing accidents last year. Since only one-eighth of the nation's trucks report their accidents to the ICC, that made the survey, the AAA feels that additional hundreds of jackknife accidents occur every day. Engineers explain that this terror of the motorist occurs when the momentum gained by the heavy cargo unit of a truck in motion overcomes the braking power of the wheels, resulting in continued movement of the rear end at an angle to the cab.

### Historian Tells Saga Of Highwayman Lewis

—Harrisburg—

Henry W. Shoemaker, President of the Pennsylvania Folklore Society, State Museum, Harrisburg, said David Lewis, better known as "Robber Lewis," operated from caves in Doubling Gap, near Harrisburg, in Bedford, Huntingdon, Perry and Clearfield Counties.

He was not above utilizing as a storage place, the Cave in Patton Township, Centre County.

"Probably his favorite hide-out was what is known as Lewis' Cave on Six Mile Run in Centre County, which he called his 'homeland,' being a native of Centre County, a son of the much respected, Evan Lewis, Register and Recorder for several terms, and where on July 14, 1820, he was destined to die of a gangrened arm in the old Bellefonte jail and buried in quicklime in the jail yard," Shoemaker said.

"Probably no one knew more of Lewis and his doings than John R. McCord, pioneer woodsman of the Six Mile. His mother had been forced to give the robber entertainment with her good cooking, and they knew well the story of how the robber, closely pursued, darted into the chasm in the Wolf Rocks, literally into the jaws of an angry she-wolf guarding her pups. Lewis withdrew his blade from his Michaela or sword cane he invariably carried, and stabbed the mother wolf to death.

"Another time his keen ear gave him the information that his foes were close at his heels, tied to a white oak. The animal was restless and plunged about. He had difficulty in untying it, and again he drew his Michaela, cut the strap, sprang into the saddle and was gone before the posse had time to fire at him. Probably the oak still stands intact at the Wolf Rocks and will show, in the crotch, where the leather strap has grown into the wood.

"As Lewis found the vast Centre County mountain plateau between Philipsburg and Unionville 'rich pickings' he stayed in that locality longer than generally. Lewis under the name of Sam Ludwig, and his pals worked up Penn's and Bruch Valleys, gradually, slowly enough for Lewis

of his daughter, Mrs. Guy Nyswanger.

Mrs. Roxie Black and Mrs. Donald Kline of Detroit, visited relatives in Greene County. Mrs. Black visited her brother, Glenn Sellers, and in the A. M. Custer home. Mrs. Kline visited her brother, W. S. Crawford.

Lois Bryne and Mary Elizabeth Brown are employed in the company store.

Mercedes Haines of Charleston, W. Va., is spending her vacation with her parents, Mr. and Mrs. Clarence Haines.

Mr. and Mrs. Rex Morris of this place, and Mr. and Mrs. Samuel Weaver, Jr., of near Waynesburg, were among those attending the Columbus Fair.

Mr. and Mrs. Carelton Conway of Orrville, Ohio, were week end guests of the former's parents, Mr. and Mrs. C. C. Conway. Darlene and Connie Lou Conway, who had spent the summer with their grandparents, returned to their home with them.

James Meighen and family of Monongahela, were week end guests of Mrs. Meighen's parents, Mr. and Mrs. A. J. Murock.

Lloyd Henderson and son, Allan, attended the Columbus Fair last week.

Mr. and Mrs. John Davis and daughter, Diane, spent last week in Chambersburg, where Mr. Davis attended a school workshop.

Roseleta Blaker is recuperating from tonsillitis.

Mr. and Mrs. Guy Morris of Carmichaels, were Sunday evening guests in the V. L. Fordyce home.

to marry a rich widow at Rebersburg, and finally in West Branch Valley pushed on towards Erie where they would make an 'historic clean up' among the ship owners and fish mongers.

"Bad news is a fast traveller and it was learned that Lewis had held up and robbed a family, travelling near Pleasant Gap, Centre County. Word was immediately sent to Bellefonte and search commenced. William Alexander, out-going sheriff, started down Nittany Valley to collect men to go by way of Great Island and James McGhee, coroner of Centre County, with a posse consisting of John Mitchell, William Armor, Paul Lebo, Peter Deisel (a one-armed man) and Joseph Butler, sheriff-elect of the County, started by way of Karthaus to meet the other party at Lewis' mother's on Bennett's Branch of the Sinnemahoning.

They preceded as far as Karthaus that night, deviating from the direct route to obtain a guide, who was Andy Walker, as he was familiarly called, a great hunter in Bald Eagle. William Hammond joined them at Karthaus, and when they started the following morning their company was increased by John Koons, Samuel Yarnell and Peter Bodey.

"The night they were at Karthaus, Lewis' pal, McGuire, was captured at Great Island, which led the rest to burn part of their spoils, divide the rest, and to separate.

"On the 29th, nine days later, McGhee's party lost their way and encamped in the woods. On the morning of the 30th, they struck Trout Run, which empties into Bennett's Branch. Walker and Yarnell started ahead to see if Lewis had made his appearance at his mother's and finding that he had not, they joined the rest of the party that night and crossed over the Driftwood Branch opposite Shepperd's, and upon inquiry there, found that two men answering the description of Lewis and Conley, had breakfasted there.

"They came within hearing of the robbers, who were shooting mark. They ascended an eminence which overlooked and commanded their location, and McGhee demanded their surrender. Their reply was 'shoot and be hanged! We'll shoot back!' the posse fired, and Lewis fell at the first shot. Conley escaped to the bank of the river, when he was struck by a ball which cut his abdomen. Both wounded men were put in a big dugout and started for the mouth of Bald Eagle. Conley died that night at Bellefonte Jail, where he died 14 days later.

"Lewis the robber, has been gone these more than one hundred years, yet, his name and deeds still linger on as a colorful memory in Pennsylvania Folklore and history."

### How to Tell Age of Elk

—Bozeman, Mont.—

Do you have an elk? Want to know its age? Just bring the elk or one of its teeth to Montana State College. Researchers will get out their calipers, measure the tooth, do some figuring and come up with the age of the elk. The age of an elk may be of scant general interest, but it's important knowledge for big game managers who want to know the age of animals being killed. Managers know that the herd is healthy if many of the killed elk are young. But if older animals are numerous, some adjustment must be made to preserve breeding stock. The ages are determined by comparison with the teeth in skulls from animals the age of which was known.

**To the American People...**

Probably never before has there been so much at stake in the preservation of the freedom which we have enjoyed since the birth of our republic. All of us that possibly can do so should participate in its defense and this we can do by regularly purchasing Defense Bonds, thereby maintaining a strong economy essential to our free way of life.

Faithfully yours,

G. C. Marshall

The suit was brought by the parents in their own right and on behalf of their son, who at the time, was a minor, to recover for injuries suffered by him September 8, 1946, when struck on the head by the propeller of a plane owned by the defendant at the Greene County airport. The youth had taken a ride in the plane, piloted by Harley McVay, also of Washington. The defense contended the youth was guilty of contributory negligence in jumping from the plane in an incorrect manner after it was landed.

Motion for judgement not withstanding the verdict has been filed by counsel for Mr. Loughman.

A verdict in the amount of \$530.98 was awarded the Greene County Coal Company, a custom mine operation in Dunkard Township, from the King Coal Company, also a custom operation in the same township. The plaintiff charged the defendant company had wrongfully mined some 2,000 tons of coal belonging to the plaintiffs and had made almost a like amount inaccessible by the methods used.

Criminal court will begin Monday.

**Glades Church Marks 175th Year**

New Providence (Glades) Presbyterian Church, the oldest Presbyterian Church in Greene County, and one of the earliest west of the Monongahela River, celebrated its 175th anniversary Sunday. The church was really in existence before that time, the Rev. James Powers having received authority in 1776 to preach in a small log structure on the brow of the hill 330 yards west of the residence of Mrs. Frank Keener.

The present church is the fourth building. Exact spot of the first is not known. The earliest two were in the lower corner of the church cemetery.

Many of the ministers who served this church were well known. Rev. John McMillian served nine years, the Rev. John McClintock served 50 years from 1839 to 1889, during which time he preached 4,740 sermons.

The church has at different times been connected with other churches, such as Dunlap Creek, George Creek, Tent, Ruff Creek, Jefferson, Greensboro, and Muddy Creek. David Hunter, McClintockland. The Rev. Thaddeus Dodd, the Rev. James Dunlap, the Rev. Joseph Patterson, and the Rev. John Brice, were supply ministers.

The first call for a pastor was in April 1789, to the Rev. James Hughes, who declined.

The present Sunday School superintendent is E. Skiles and Dorsey Stockdale has taught the men's class for 25 years. All organizations or the church are reported active. The membership is 195.

# Fifty-Year History of Greene County Sports

By GEORGE N. THOMAS

## WAYNESBURG COLLEGE FOOTBALL AFTER THE ARMISTICE

Three years after the Armistice, Waynesburg College athletics got back on their feet.

The period from 1917 to 1921 had been a dismal one because of the lack of football teams.

But in 1921, the college entered its 62nd year of athletic competition. Most of the boys were back from the war and enrollment picked up about 25 per cent.

At the recommendation of Lloyd E. Pollock, a loyal son of College Heights, the board of trustees signed Frank N. Wolf, a native of McKeesport, and star athlete at Penn State.

He came with the highest recommendation of State's Hugo Bezdek. And no wonder—he had been one of a handful to become three-letterman at State. Orders from the higher echelon said for Wolf to take it easy the first year. He was to build a grid team for 1922.

Meanwhile he heard hints that the town would like also to see a "first class basketball team to regain the high place held some 12 years ago."

Of course, they referred to that crack outfit that launched basketball at the Heights—Hook, Ross, Biddle, Kennedy, Pollock, Andrew, Henderson, et al.

A little more than a month after Wolf hit the campus, his athletes showed the spirit of racing horses at the starting gate.

So one rainy Tuesday—October 18, 1821—California Normal sent a team to Waynesburg. Only a fair crowd braved the elements to see the first game in five years.

It was a good game and good start for Wolf. He had a pair of scabbards who ripped open Normal's defenses.

Earl Tate and Harry McHenry ran them dizzy. Tate scooted 80 yards for a TD and McHenry booted three goals as Waynesburg won, 21-0.

With two exceptions, it was the first game for this lineup: Linemen—Dick Bartlett, Howard Long, Ross Minor, Paul Acklin, Carl Furman, Charley Bump, Gene Reardon, John Biery, Edgar Wright, Harry Gilson, Beryl Campbell, Earl McClelland and Grover (Ozzie) Thomas. Backs—McHenry, Tate, Bernard Beschio, Leo Cunningham, Scott Freeman and Vic Silveus.

Prexie Stewart called the starters of this team the "Eleven Iron Men" because subs were used so seldom.

They showed so well that Manager Russell Pratt and Graduate Manager Clyde M. Call convinced Coach Wolf to schedule three more tilts.

The first post-war loss came in November when Fairmont kicked a field goal to win 17-14. McHenry's running was remarkable and again he and Tate shared the offensive limelight.

Football was a bit more rugged in those days of limited reserves. And giants of that era never complained.

It took little less than a broken leg to be lifted for a substitute.

In a return game at California, Thomas and Gilson were so battered up that as soon as the game ended the contest, they were

taken straight to the hospital, too injured to play more that season.

Captain McHenry paced the team to a final win over Carnegie Tech Reserves and the school's first post-war season record read 3 and 1.

Crowds had increased with mounting interest in this era when spectators got as much exercise as the team by running up and down the sidelines.

And the bug kept biting harder. That New Year's Day, Washington and Jefferson College played California's Wonder Team to a 0-0 tie in the Rose Bowl. It was Greasy Neale's first year at W. & J.

Greene County folks could look over dividing ridge and see the tremendous athletic organization the neighbors to the North were harboring. They could envision Waynesburg on the same plane.

So a group of businessmen bought the William Gibbons property on South Washington street, and refurbished 14 rooms for Coach Wolf and his athletes.

"An unusual interest in athletics has developed," reported The Republican, and it predicted the "awakening interest" would not wane.

L. F. (Dad) Engle became Wolf's assistant. He was a Penn State product, too, tutoring under Bill Hollenbach, one of the greatest tackles in the school's history.

Even before uniforms were ready, the boys were tackling dummies.

Much was expected from Wolf in 1922 and he knew it. He reached around for athletes larger institutions had overlooked and didn't do badly in his search.

Almost all the old team was back plus Ernie Clark, the basketball star transfer from W. Va. Wesleyan; John Hoy, crack Waynesburg High backfieldman; Paul Hogan of Ashtabula, Ohio, standout quarterback who transferred from W. & J.; Bill Reid of Kiski Prep; Gene Carroll, George Jefferson, Clair Bee (quarterback with a tenor voice) and Floyd Wright, Wind Ridge husky at 200 pounds.

W. Va. Wesleyan cancelled its game with Waynesburg to go on W&J's card. Two years later, Waynesburg settled that score in an unforgetable fashion.

The boys hit so hard in practice that many were injured. Paul Masters, a sure starter at fullback, broke his shoulder blade before the opening kickoff.

Red Irwin, Ted Seybold, Red Lowe, Beryl Willis, Stan Granger, Sis Shaddock and Chenny Williamson were on the line, and McHenry, Veschio, Tate and Strimatter in the backfield, in the opener at Carnegie Tech.

Wally Rhine, Leo Cunningham, Carroll, Miller, Beans Jefferson, Hennie Leucht, Bobby Wisener, John (Bull) O'Malley, Bee, Reid, Hoy and Scott Freeman were able subs.

Still, Tech's 3-year veteran squad ran roughshod over them.

Bethany was king pin that fall and Waynesburg was mediocre.

In fact, Katy Easterday, Bethany coach, didn't even accompany his team to Waynesburg. He went to scout Navy, Bethany's next foe.

But what surprises the Orange

## Hitting the High Spots

By JACK HAMMERS

Waynesburg High School showed lots of fight in their game with Mt. Lebanon last Friday night and if they can just keep this same spirit all year they can make things mighty interesting for a lot of teams. Here's hoping they do.

Fans around town are all pepped up over the chances of a good season for Jack Wiley and his Waynesburg College eleven. Nearly everyone seems pleased that the single wing will be used and just about everything else. Personally we aren't looking for anything out of the ordinary this year, but we're pulling for him.

Jim Conklin, son of Waynesburg College wrestling coach, John R. Conklin, has been signed as assistant wrestling coach at the University of Pittsburgh. Jim was the first boy ever to win a state title four years straight and while in high school never lost a match. This, coupled with the experience he has picked up in four years of College wrestling should be a great help to the Panthers.

We look for Randy Turpin to once again stop Sugar Ray Robinson and keep his middleweight title. They fight over the 15-round distance in New York tonight. The fight will be telecast but not radioed.

A quick glance into our magic ball comes up with the following football results for this week: Masontown over South Union Jefferson over Rankin Cameron over Center Twp. Washington over Connellsville Waynesburg over Burgettstown Canonsburg over Chartiers Mapletown over Centerville Carmichaels over East Beth Richhill Twp. over Midway Redstone over Trinity

Charles To Fight Layne October 8 At Forbes Field

—Pittsburgh—

Ezzard Charles, confident he'll regain the world's heavyweight championship, has agreed to fight Rex Layne of Salt Lake City, in a 12-round bout at Forbes Field October 8.

This will be Charles' first fight since he lost the crown to ageing Jersey Joe Walcott in a surprise seven-round knockout at the home of the Pittsburgh Pirates last July 18.

Charles' cut of the melon will be 35 per cent of the net gate. Layne will get 25 per cent.

The bout will be co-sponsored by the Rooney-McGinley Boxing Club, the International Boxing Club and the Dapper Dan Club of Pittsburgh, a sportsmen's charitable organization.

Barring unfavorable October weather, promoter Jack McGinley expects a crowd of 20,000 for Pittsburgh's second big heavyweight fight in three months.

There was no announcement whether the fight will be televised.

## Cameron Rolls Over Richhill Township, 25-6

A more experienced Cameron, W. Va., High School football squad, sparked by the spectacular running of right half Holmes, ran over Richhill Township High 25-6 at Cameron on Friday.

Holmes scored twice in the first period and once in the third. The other Cameron score was made by West.

Rohm of Richhill was the boy who really brought the fans to their feet as he scooted 80 yards in the final period to score Richhill's lone TD.

Score by periods:  
Cameron 13 6 6 0—25  
Richhill 0 0 0 6—6

and Black had for Assistant Coach Dave Morrow helped turn the poor fellow's hair grey that November afternoon.

It remains the most memorable football game ever played in Waynesburg.

Captain Red Lowe and his mates, pushed Bethany around the field all day, piling up 28 first downs to 11.

At half, Waynesburg led, 10-0, and they rushed Randolph, Bethany's captain, to Dr. Spragg's office in the People's Bank Building with a broken thumb.

All patched up, Randolph sparked Bethany the second half and they tallied 12 points and won the game. His teammate, Kelly, didn't report a broken arm and played the entire game with it.

"Doc" Spragg later said in his rough voice, "If I had known Randolph was going to win the game, I wouldn't have fixed his (censored) thumb!"

Anyway, Waynesburg had itself to blame for losing. Ground-keepers neglected to fix an offset in the endzone left by the old fairground race track.

When McHenry hit Wally Rhine with a touchdown pass, Wally stepped into the offset and lost the ball—and game.

That was the last game Waynesburg lost that fall. Wolf delivered six victories in 10 starts.

Perhaps that was a mistake. Supporters, seeing Waynesburg really could compete with larger schools, decided to go all the way. The pressure was on.

At Christmas 1922, it was rumored Wolf was about to "resign." Actually, the business men who had taken over the college's athletic fortune decided he was too young and inexperienced to "put Waynesburg on the map."

A month later, Wolf gave in to them and resigned.

But like MacArthur, he was to return.

## Jefferson Rolls Over Ellsworth High, 33-14

Coach Ben Parker's Jefferson High Rockets ran over a spirited Ellsworth High eleven at Jefferson Saturday night 33-14.

The Rockets scored once in the first period, twice in the second, and once in the third and fourth frames. Ellsworth scored in the third and fourth quarters.

Eddie Cipcic was the big gun for the boys from Dry Tavern as he scored three times on runs of 75, 5, and a line smash from one yard out. He also kicked three extra points. Komlo and Dayton accounted for the other Rocket scores.

Los of Ellsworth tallied both times to prevent his team from suffering a whitewash.

Score by periods:  
Jefferson 7 13 7 6—33  
Ellsworth 0 0 7 7—14

## Mikes Lose 7-0 As Last Period Drive Fails

A last period drive failed to produce results for Coach Al Cree and his Cumberland High football squad and the Mikes lost a heartbreaker to Monongahela High 7-0 at Monongahela Friday night.

Monongahela drove 50 yards in the second period to score the only touchdown of the game. A screen pass from Deltwiler to Passarello which was good for 16 yards capped the drive. Halechko added the extra point.

The Mikes gave the Class AA school all they could handle as they racked up an 87 edge in first downs. Fine defensive play on the part of the Creemen kept the game from breaking wide open.

Score by periods:  
Monongahela 0 7 0 0—7  
Carmichaels 0 0 0 0—0

## Point Marion Stops Mapletown High, 6-0

Point Marion High pushed across a fourth period touchdown to edge Mapletown High 6-0 at Point Marion Friday in a good, tough game. The lone score of the game came on a pass from Kovach to Bengle which covered 45 yards. The Maples threatened once but were unable to score.

Score by periods:  
Point Marion 0 0 0 6—6  
Mapletown 0 0 0 0—0

## Singapore Bans Re-Exporting

—Singapore—

The Singapore government has banned the re-export of textiles to the British crown colony of Hong Kong.

The action was taken to halt activities of some merchants who had important large quantities of textiles—some of which had come from Hong Kong—and shipped them back to that colony because of a much higher-priced market.

Singapore authorities also want to be in a position to maintain textiles re-export trade with Indonesia and neighboring territories. This business runs into millions of dollars annually.

## Mt. Lebanon Tops Red Raiders In Opening Game Thriller, 13-7

An inspired Waynesburg High School football squad fought gallantly before bowing 13-7 to a highly favored Mt. Lebanon squad before some 3,000 fans Friday night at Mt. Lebanon.

The Red Raiders got off to a fast start as they scored early to take a 7-0 lead. Mt. Lebanon kicked off and the Raiders started to move. The attack bogged down and Waynesburg was forced to punt, the Mounties taking over on their own 23. On the first play from that spot Mt. Lebanon fumbled and Henderson recovered for the Red Raiders. A pass from Moore to Johnson put the ball on the 11. A few bucks at the line moved it to the six from where Johnson crashed over. Higgins added the extra point.

Mt. Lebanon took the ball at midfield late in the second quarter and started a drive. With time running out and the ball on the 2-yard line, Schuchts snacked over for the Mounties. Moore blocked the extra point attempt

and Waynesburg led at the half 7-6.

The teams battled fairly even for the most part of the third quarter but a fumble by the Raiders on their own ten gave Mt. Lebanon the ball. They quickly took advantage of this and scored shortly after the final period got under way.

The Red Raiders put on a desperate bid to pull the game out of the fire late in the fourth quarter but saw their chances die when a clipping penalty set them back deep in their own territory after Higgins had taken a pass from Moore and ran to the Mountie 25.

The entire team put up a real fight in suffering the loss and it was with superior reserve strength only that saved the day for Mt. Lebanon.

Waynesburg will take on Burgettstown High this Friday at College Field. The game is the first this year for the Raiders in Southern Conference play.

Score by periods:  
Mt. Lebanon 0 6 0 7—13  
Waynesburg 7 0 0 0—7

## Mt. Morris in Tie Game With Masontown, W. Va.

A 10-yard touchdown pass from Quarterback Harry Diehl to Bob Clifford in the third quarter gave Mt. Morris a 6-6 tie with Masontown, W. Va., High in the West Virginia town Friday.

Masontown scored early in the first period when Ball bulled his way over from the one foot line.

Mt. Morris threatened in the third frame but were stopped on the 11 yard line. The Hawks led in first downs, 8-7.

Score by periods:  
Masontown 6 0 0 0—6  
Mt. Morris 0 0 0 6—6

### THE BIBLE SPEAKS

By Dr. Kenneth J. Foreman  
**Churches Unite**  
Lesson for Sept. 16, 1951

**MORE THAN 200** different denominations of the Christian church exist in the United States alone. Several of these claim to be the one and only "true" church, but even those that do not make this claim are sufficiently pleased with themselves to stay on as separate denominations. Some Christians find this division of Christendom a scandal and a sin. Others find it the glory of Protestant Christianity that it has freedom and room for so many varieties of Christian faith. Has the Bible anything to say about this?

**The Mother of All Churches**  
You will not find such words as "denomination" in the New Testament. Such words as Episcopalian, Lutheran, Baptist (referring to a church), Presbyterian, Mennonite, Roman Catholic or other modern tags, are not to be found in the Scriptures.

All the same, our lesson passages give us some important suggestions. Luke tells how horrified the disciples were at discovering some one not of their own organization, doing good work in Jesus' name. They would have stopped him; but Jesus said, "He that is not against us is for us."

That is a good way to think about other Christian churches. The story in Acts 11 tells how churches in the earliest times helped one another in various ways. II Cor. 9 shows how the good example of one church can be a challenge to others to do still better.

As that Jerusalem meeting handed down a decision affecting many congregations and persons, so now the findings and decisions of great bodies of churches have a weight and an importance far beyond what might be said by single congregations. That council was the mother of all councils as the New Testament church was the mother of all churches.

**All Christians Are Brothers**  
In his first letter to that problem-church of Corinth, their first pastor Paul urges the different parties in the church to remember above all that they are Christ's people rather than any one's else. The name of Christ is far more important than any of our denominational labels. In his letter to the Philipians Paul says an even more striking thing. "I know that some are preaching Christ out of jealousy, to annoy me . . . but what does it matter? The fact remains that Christ is being preached, whether sincerely or not, and that fact makes me very happy."

**In America today we are beginning to catch the New Testament spirit. Taking the situation as a whole, there is more get-together-ness than fly-apart-ness among the churches. Cooperation is taking many forms. Locally in communities, or in state-wide interdenominational associations, or on a national scale, churches are doing together what separate churches or denominations would find difficult or impossible.**

Besides recent large mergers of denominations such as the union of Methodists north and south, the Evangelical United Brethren, the Evangelical and Reformed, and Congregational Christian, there are many other groupings of like-minded churches, pooling their resources for evangelism, education, missionary work and many other purposes.

**Message to the People**  
The largest and most impressive get-togethers are the National Council of Churches of Christ in America which includes every large American denomination but two; and the Great World Council of Churches with member-churches in every Christian land. These words from the first message of the National Council to the people of America ring out the spirit of unity growing today: "This country has been constituted by 29 churches for the glory of God and the well-being of humanity. It manifests our oneness in Jesus Christ as divine Lord and Savior; his is the mandate we obey and his the power on which we rely. Our hope is in him. In him we see the solution of the world's ills. The council itself is a demonstration of his power to unite his followers in joyous cooperation." (Copyright 1951)

### David Lawrence Calls Truman's Speech 'Magnificent'

(Continued from Page One)

The kind of peace outlined in the treaty with Japan is the kind that men of all religions have hoped and prayed for, and particularly the kind of peace urged for Europe, too, by President Wilson after World War I and by President Franklin D. Roosevelt after World War II. It is the kind of peace Pope Pius XII has been petitioning for in his public addresses since 1944.

President Truman in his San Francisco address to the assembled nations rightly pays tribute to the "outstanding leadership of General of the Army Douglas MacArthur" for "the way in which the Allied occupation has been carried out." And the President also points with pride to General Ridgway as MacArthur's "able successor" and to the splendid work of John Foster Dulles, who worked so patiently and intelligently in negotiating the treaty itself.

Rising above party and domestic controversy, the President recognized that, in writing this speech, he was writing for future history a chapter of accomplishment which can prove an inspiration to those who will be custodians of American world policy in the years to come.

Mr. Truman's address at the San Francisco gathering of nations will be read with even more intense interest outside America than inside. It will rank as one of the great state papers of all times—not because of its

simple phrases but because it recites eloquently the record of American postwar behavior and challenges the rest of the world to adopt the letter and the spirit of that behavior.
