Famed 28th Division is 'Packing Up' for Germany

—Camp Atterbury, Ind.—
Soldiers in Pennsylvania's famed 28th Division are packing up \$225,000,000 in equipment to take them to Germany.

Their POM (preparation for overseas movements) is based on wartime standards. The division is shipping to Europe with the same equipment combat outfits took overseas with them in World War II.

Army packing-up regulations are just the same as they were during the last war. The 28th must be ready to fight the Russians if need be.

Every place you look at Camp Atterbury there are stacks of big wooden boxes. The GIs started to pack these boxes on September 15 and they are still at it.

Major General Daniel B. Strickler, commanding general of the 28th, estimated the various infantry, artillery, signal, medical, ordnance, tank battalion, quartermaster and other outfits will take with them almost 20,000 boxes of equipment. He said: "The division must be prepared to live and move as one city."

The 28th will take with it approximately 4,000 vehicles. This includes 500 tanks, trucks, jeeps and other motor equipment. It is also taking along its own liaison planes—the eyes of the infantry, and three million dollars worth of telephone, radar, teletype and other communication equipment.

Besides the equipment problem, there is also one of making sure that every last soldier is combat ready. The clothing he will wear and carry with him on the trip to Europe must be in Class A condition.

Also, the service record, training record and medical record of every GI here at Atterbury must be in perfect condition before the division moves out about November 15, for the Hampton Roads port of embarkation.

These three records cover 700 questions which must be answered for every soldier in the 28th.

Housewives who complain about moving should get a look at the moving job the 28th is now getting ready to take.

The big wooden boxes contain everything from shovels to dig fox holes to rolls of toilet paper. The boxes are sealed with steel bands and then they must be properly addressed on the outside. That's necessary so that each outfit will get its own equipment when it arrives in the Stuttgart-Munich area along about December 1.

After the 28th Division arrives in Europe, then comes the big job of unpacking and "setting up house" as part of General Eisenhower's Atlantic Pact forces.

Renewed Talks On Cease Fire; 250 Jets Battle

—Munsan, Korea—

The Communists Wednesday accepted the Panmunjom agreement for renewal of Korean armistice talks.

The Red and Allied five-man delegations agreed to meet at 11 a. m. Thursday (9 p. m. Pittsburgh time, Wednesday) at the new conference site of Panmunjom.

It will be the first meeting since August 22. One day later the Reds broke off the discussions after charging an Allied plane had bombed and strafed the old conference site of Kaesong.

The Panmunjom agreement setting up new security rules was signed Monday by Allied and Red liaison officers and ratified a few hours later by the Allied truce delegation. The Reds delayed their approval 48 hours.

Their ratification came after the Chinese Communist leader, Mao Tze-tung had called on the United States to settle the Korean war by "peaceful" means. Mao was quoted in an English language broadcast by the Peiping radio.

Nearly 250 Allied and Communist jets tangled Tuesday in history's biggest jet battle. It swirled around a force of B-29 Superforts pressing home the second bombing attack in two days against new Communist air bases in northwest Korea.

General Matthew B. Ridgway's headquarters in Tokyo said Wednesday the Allied pilots shot down eight Communist jets, probably destroyed two, and damaged 10.

The Far East Air Force said three Superfort bombers and one Thunderjet fighter were shot down.

—Washington—

President Truman told General George C. Marshall he could not guarantee General Marshall will be kept in retirement from government service.

The President made the remark in the presence of his cabinet in presenting General Marshall with the black leather chair he occupied for two years as Secretary of State and for one year as Secretary of Defense. General Marshall retired from the defense job last month.

The chair, costing about \$100 has two brass plates on the back giving the dates of General Marshall's service.

2 Gas Lines Get Okay

Construction of two gas lines by Pittsburgh concerns was given temporary approval by the Federal Power Commission Friday.

Manufacturers will build about 100 feet to tie the Cumberland and Allegheny line into a line leading to Waynesburg. The site of construction is in Fayette County.

Just Thinking!

Sam Brown, preacher at the First Methodist Church. Didn't invent the "Sam Brown Belt," but certainly belted us around the ears last Sunday morning.

Sam got his teeth into a meaty subject and didn't let loose until the bone was shiny and clean.

Started out by talking about Christopher Columbus. Told how he discovered America.

And, by gentle steps, told how other men had discovered America all over again. And how we, today, could discover America, Pennsylvania, Greene County, Waynesburg—and even ourselves.

Sam was talking my language. He was talking about things and peoples and places. I could appreciate it because I have spent my entire life amid the surroundings he discussed.

—

Don't go much for prophesying.

Nobody living can tell me much about the hereafter I can't find out for myself.

I've never been there.

Neither has anyone else. My guess is as good as his.

But, when he talks about things he knows and I know, I like it.

Good goin', Sam!

82nd Congress To Face Crowded Work Docket

—Washington—

The second session of the 82nd Congress convening January 8 will face a crowded work docket, topped by two continuing major problems—national defense and how to pay the huge cost of it.

The first session, which ended Saturday night, dealt for nine and a half months with those key issues plus a variety of others, and the lawmakers chafed at a spending record for what technically is called peacetime.

Congress went home after appropriating \$91,600,000,000. That was the figure most members used, although Senator Ferguson (R., Mich.) said \$6,900,000,000 should be added to it to cover so-called permanent appropriations—mostly interest on the national debt.

In any event, only during World War II, was the total for a single year greater. In 1943, Congress voted \$147,000,000,000, the record.

In the orderly closing hours of the first session of this congress, three bills carrying \$13,133,000,000 were sent to the White House. One provided \$7,328,000,000 in foreign aid—military and economic—to bolster friendly nations abroad against communism. The amount was slightly less than President Truman requested.

The second bill was a \$4,128,000,000 military construction measure, which brought this year's appropriations for the Army, Navy, Air Force and Marines to approximately \$61,000,000,000. The other bill carried \$1,675,000,000 in supplemental funds for miscellaneous purposes.

As Congress was closing up shop, Mr. Truman signed the \$5,691,000,000 tax-increase bill which the lawmakers sent to him Friday. He had asked for at least \$10,000,000,000, and he said in a statement that the half loaf he got was not enough.

Indicating he may seek an additional increase, Mr. Truman said that when congress returns in January he will ask for legislation "improving our tax laws."

In the next session spending may run even higher than it did during the one just closed. Mobilization officials have made it clear they feel the crest is yet to come.

With the new \$5,691,000,000 tax boost unlikely to balance the budget—a deficit of about \$5,000,000,000 has been predicted—Congress appears certain to be in for more wrestling next year with the same knotty problems, taxes and the defense program.

War With Germany Officially Ended

—Washington—

President Truman Friday signed a Congressional resolution ending the state of war with Germany.

There was no immediate statement from the President in connection with his action. The White House simply announced he had signed it.

The Senate adopted the resolution by a voice vote. The House had approved it last July.

Soviets Say Neigh To Horse Trading

—Berlin—

A horse trade landed a Soviet zone farmer in jail for a year as a "threat" to the people's economy.

The Brandenburg newspaper Maerklische Union said the farmer brought two small pigs, a cow, and his 30-year-old plow horse to West Berlin and swapped them for a young horse.

On his return he was arrested by the Communist police. The court ruled the farmer violated the law by taking livestock out of the east zone. But because he appeared to get the best of the deal, he "got off" with only a year's imprisonment, the paper said.

Reformation Service Sunday

Protestant Churches of Greene County are asked to unite in a Reformation Service, to be held in the First Christian Church, Waynesburg, Sunday at 7:30 p. m. Rev. Harry E. Gardner will deliver the message.

Because of certain political and religious developments the ideals of the Reformation should be re-emphasized. Protestantism owes its very inception to the God-directed efforts of Martin Luther who faced prison and possible death, to give his people a translation of the Bible that they might personally know the commandments and teachings of God.

Many reformed Catholics and other converts met in groups for instruction, prayer, and worship. From this small beginning has grown the great Protestant Church of today. Now multiplied millions of Protestant communicants are serving God through churches and missions throughout the world.

However, the object of Reformation Sunday is not primarily to look back from whence we came but, rather, to face the future and in strength and light of Christ, strive to save the world from another digression into darkness, political entanglements and moral shame.

Government Tests New Gas Pilot Plants at Morgantown

Seeking a cheaper method for making synthesis gas, essential in manufacturing gasoline and other liquid fuels from coal, the U. S. Bureau of Mines is testing two new pilot plants at its Synthesis Gas Branch, Morgantown, W. Va., the Bureau revealed this week.

Synthesis gas, composed chiefly of hydrogen and carbon monoxide, is being manufactured by industry today from coke or natural gas to produce a wide range of chemicals and other products, including synthetic rubber, ammonia, and synthetic oils and fats.

Unlike industry, the Bureau is making synthesis gas directly from coal in gasifier models on the West Virginia University campus, Morgantown.

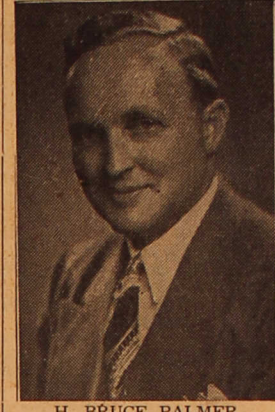

While the Bureau's primary interest is to develop a better gasification process for the Government's synthetic liquid fuels research and demonstration program, an efficient, low-cost method utilizing coal could be extremely useful to industry, said Dr. L. D. Schmidt, chief of the Synthesis Gas Branch here.

One of the new pilot units, known as a "pressure gasifier," is designed to operate at pressures up to 450 pounds per square inch. The other is an "atmospheric gasifier" and operates at normal pressure.

Each of the new gasifiers at Morgantown has a capacity of 500 pounds of coal per hour and is supplied with auxiliary equipment for superheating steam and oxygen and for removing dust and sulfur compounds from the gas. The gasifiers were designed and built in cooperation with the Babcock & Wilcox Company of Alliance, Ohio, under a co-operative agreement, said Regional Director H. P. Greenwald of the Bureau.

Both models at Morgantown were preceded by smaller units in which gasification of bituminous coal from West Virginia and Wyoming, lignite, and Pennsylvania anthracite was studied.

People's Responsibilities Told by C. of C. Speaker

H. BRUCE PALMER

Speaking on "The Challenge and Responsibility of Leadership," at the National Affairs Conference of the Chamber of Commerce, Tuesday night in the Fort Jackson Hotel, H. Bruce Palmer, New Jersey life insurance executive, urged citizens to assume responsibility in government locally, nationally and internationally, in order to solve the great problems confronting us.

The conference was sponsored by nine Chambers of Commerce and one Board of Trade in Greene, Washington and Fayette Counties. One hundred and fifty-five persons attended and were high in praise of the addresses.

William W. Garrison, president of Waynesburg Chamber, presided.

Attorney Walter C. Montgomery, National Affairs chairman of the local organization, introduced John T. Soltman, manager of the Northeastern Division, United States Chamber of Commerce, who introduced the speakers and conducted a discussion period following the addresses.

Truman D. Weller, National Affairs advisor of the United States Chamber of Commerce, analyzed important legislation passed by the 82nd Congress and also measures which it will take up in January.

Rev. Samuel E. Brown, pastor of the First Methodist Church, gave the invocation.

Mr. Palmer warned against the attitude taken by some persons that there is nothing they can do to help solve our business, governmental and social problems, and stated that such a defeatist attitude allows totalitarian government to take over.

Our personal relationships in business, good understanding between management and employees, can solve many difficulties. "Labor unions exist today," Mr. Palmer stated, "because labor was not recognized and given a voice in industry."

This personal relationship, he said, should be carried into government by electing the best candidates for office, and by persons qualified to fill such offices, being willing to become candidates.

He urged all to vote in the coming election and deplored the apathy shown by not voting in the past several years. "If we do not vote and take a part in government we should not complain about our losses of freedoms," Mr. Palmer warned.

Other officers elected are: vice presidents, A. W. Strachan, C. P. Duffield, J. C. Lester Bryant; treasurer, Ernest M. Furbee; commissioner, John D. Low; national council members, A. W. Hesse, Vaun A. Moffitt and M. M. Neale.

Board members from the General Greene district are: William R. Waggett, chairman; Henry Pharaoh, vice chairman; Glenn R. Toothman, finance; John A. Stoup, C. Paul Duffield, Lloyd E. Pollock, Ewing B. Pollock, John E. Baily, Lawrence Phillips, A. W. Hesse, J. Allen Brooks, C. Kenneth Matthews.

ARTHUR INGHAM

Lacking complete records, it would appear that Arthur Inghram was the youngest member of his father's family. His tombstone in the Inghram Cemetery indicates he was born in February 1746, and died October 28, 1834. L. K. Evans says that Arthur Inghram with Billy Lafferty, joined Thomas Smith and Thomas Kent in the Spring of 1776, to make a field of corn on Smith Creek. Arthur Inghram and Thomas Smith moved into a cabin on the Inghram Farm, with Thomas Kent and Billy Lafferty living in "Black" David White's cabin on the farm later owned by the Hooks, about the site of the stone house. It has been shown that both Smiths and Kents were here before 1776, and evidence would indicate that Arthur Inghram had been here at least the year prior to that date. Evans says that "Black" David White had gone to Kentucky leaving his empty cabin, but records show he returned and was here again in 1782, when he served in Captain James Archer's Company. But there is also evidence to show that Arthur Inghram was also in Kentucky in 1776, selecting a tract of 1000 acres of land on Fox Run, near its mouth, on which he made an improvement, which he later assigned to John Hughes. (Register of Kentucky State Historical Society, I, p. 304. Records of Land Commission of Virginia 1780, held in Kentucky to settle first claims under 1779 law.) Shortly after the founding of Harrodsburg, Arthur Inghram joined James Harrod and others in opposing the formation of a new state. As late as May 8, 1789, an Arthur Inghram was taxed as owner of land in Fayette County, Kentucky. Warrants and patent claims of Arthur Inghram do not explain his rights to land on Smith Creek, but he did join his brother, William Inghram, to warrant land at the head of Laurel Run, and seems to have bought the warrant rights of Joseph Larkins (Lakins?) adjoining "Inghram's Choice" on the south. Arthur Inghram served in Captain James Archer's Militia Company and took an active part in the protection of the frontier during the Revolution. (Penna. Arch. Series VI, Vol. 2, pp. 17.) The experiences of the Inghrams have been given in a number of early histories and are too well known for repetition. Sometime before 1777, Arthur Inghram married Allive or Olive Smith, a sister of Thomas Smith, daughter of Thomas and Hannah Smith. Her father calls her Olivia in his will on file in Harford County, Maryland, where she was born in 1754. She died in Greene County, on June 4, 1839. Both are buried on the late Thomas Montgomery Farm.

West Penn Power to Add Huge Power Unit at Springdale Station

Czech Hero 'Losing Face'

—Prague—

The likeness of General Milan Rastislav Stefanik, Czechoslovakia's first minister of national defense, is gradually being removed from public view in Czechoslovakia. Old 50-crown notes had his picture on them, but new ones introduced this year show a Slovak miner instead.

Postage stamps bearing his image are to be taken off the market. Neither measure has been explained officially. But Stefanik's connections were not such as to make him a hero to the Communists who now lead the Czechoslovak government.

Stefanik won support in western countries for the ideas of Thomas G. Masaryk, founder and first president of the first Czechoslovak republic, and served in the first government till his death in 1919, the year after the republic was established.

Samaritans Disappearing

—Tel Aviv—

The some 250 Samaritans in Hashemite Jordan administered Nablus (in Central Palestine) sent their high priest, Amram, for a week to Israel where he contacted the other 60 Samaritans living in the Jewish state. These 310 men and women and their children are all that is left from the more than 3,500-year-old Assyrian race.

Living in complete Moslem surroundings, the Nablus Samaritans still stick to their old Jewish faith, expressing themselves by many ancient customs no longer preserved in modern Judaism.

ARABIANS PLAN RAID SHELTERS

—Cairo—

The Arab News Agency reported in a dispatch from Jordan that Amman, capital of King Abdullah, has set aside \$60,000 to build 21 air raid shelters.

Construction of a large addition to West Penn Power Company's Springdale generating station will be started in the near future, president P. H. Powers, has announced. The new steam turbo-generator to be installed is the station's eighth unit. Expected to have an effective capacity of about 135,000 kilowatts, it will materially reinforce the power supply so vital to this important industrial area.

"This is another major step in the company's continuing expansion program to meet the steadily growing demands of customers for electricity," Mr. Powers stated.

The company now supplies nearly 325,000 users of electric light and power in 8,700 square miles of western and central Pennsylvania. It is an important and integral part of the West Penn Electric system which also includes Monongahela Power Company operating principally in West Virginia, and the Potomac Edison Company operating in Maryland and three adjoining states.

West Penn Power's new addition, which will cost about \$18 million on the basis of preliminary estimates, is expected to be ready for operation in October 1953. It will be built on the south end of the existing station building and connected to the present switchyard facilities. The huge turbine will be supplied with steam by one large boiler capable of producing one million pounds of steam an hour. At full operation it will consume approximately 1400 tons of coal a day. The station is supplied with coal from the company's neighboring mine across the Allegheny River.

By 1954, the capacity of the West Penn Electric system, after all of the presently projected additions are completed, Mr. Powers pointed out, will total about 1,700,000 kilowatts. By contrast, the capacity of the system ten years earlier, in 1944, amounted to only 770,000 kilowatts.

DAR Conference

John Corbly Chapter, Daughters of the American Revolution, was represented at the State Conference in Harrisburg, last week by the following: Regent, Miss Grace Morris; Past Regent, Miss Louise M. Hook; Corresponding Secretary, Miss Lena Hawkins; Member of Valley Forge Committee, Mrs. D. C. Longanecker; Conservation Committee, Mrs. Thomas S. Crago; Organizing and Charter Member, Mrs. Alex Tustin.

The regents of 133 chapters placed flowers in a large cross in memory of the deceased members of their respective chapters. Flowers were placed by Miss Morris for; Mrs. Fannie Scott Graff, Mrs. Emily Rinehart Lucas, and Miss Elizabeth C. Minor. At the close of the services the cross was placed on the grave of Lieutenant Colonel Andrew Porter in the Harrisburg Cemetery.

Mrs. James B. Patton of Columbus, Ohio, President General of the National Society, in addressing the group stated, "It is the duty of every patriotic citizen to see that the history of our country is properly presented to young minds. It is necessary not only to see that the text of the history gives a true picture of the founding and development of our republic, but must be sure that the instructors present the text in the proper light."

The DAR favors teachers taking the loyalty oath, is opposed to world federation because in all deliberations of such a body, representatives would have only a small percentage of the members present and hence would constitute a minority for the ideals of freedom. They believe the Constitution which has served the nation for 164 years is still a pretty good document to guarantee freedom and liberty.

Miss Hook attended the tenth anniversary dinner of the state board of 1941-1944. Ten out of the twelve members were present.

Miss Morris, Mrs. Longanecker, Mrs. Tustin and Miss Hawkins visited the Gettysburg Battle Field, and Berkley Springs enroute home.

Auxiliaries Hold Joint Meeting

A joint meeting of the Woman's Auxiliary to the Greene County Medical Society and the Woman's Auxiliary to the Washington County Medical Society was held recently in the George Washington Hotel, Washington.

MRS. ALBERT F. DOYLE

Greene County members attending were Mrs. Roy C. Jack, local president; Mrs. D. Paul Greenlee, Mrs. C. L. O'Connell, Mrs. W. B. Clendenning, Mrs. C. E. Bane, Mrs. Thomas W. Merling, Mrs. Donald Stitt, Mrs. Chester Szmals, Mrs. B. R. Austin, Mrs. Grover C. Powell, and Mrs. A. Carl Walker.

Following luncheon, the guest of honor, Mrs. Ann Swanson Doyle, state president of the Woman's Auxiliary of Pennsylvania, gave a stimulating discussion, the subject being "Working Together for Health."

Mrs. Doyle is the wife of Albert F. Doyle, M. D., Johnstown urologist.

Mrs. Doyle in describing the work of the State Auxiliary said:

"The Auxiliary, within its own organization, supports the Medical Benevolence Fund of the Medical Society of the State of Pennsylvania. This fund is used to aid incapacitated physicians and their dependents. During 1951 the Auxiliary contributed more than \$11,000 to the fund; during the last 24 years of service the members have raised almost \$125,000 for it."

She declared: "A project to be given particular consideration is the nurse recruitment program. Plans developed in cooperation with the Pennsylvania State Nurses' Association are fields in which the medical auxiliary members are in an advantageous position to assist... since it is estimated that 380,000 nurses are needed for civilian requirements and only 320,000 are active in the profession, there is a 60,000 nurse shortage. If 5,000,000 troops are mobilized, we will need an additional 25,000 nurses. Therefore, it is for us, as physicians' wives who are in an excellent position to recognize the seriousness of this situation and to interest young women in the nursing profession, to assist with the recruitment program."

Betrothal

The engagement of Miss Elizabeth Cooper, daughter of Mr. and Mrs. Hewitt Cooper of Bellevue, to William Crago Biddle, son of Mr. and Mrs. William Paul Biddle of Pittsburgh, formerly of Carmichaels, was announced recently at a tea given by her parents.

He is a graduate of Cumberland Township High School and the University of Pittsburgh. He served three years in the Army during World War II. Mr. Biddle will serve two years in Arabia as a mechanical designer and construction engineer.

Don't depend on your insurance to save your operating privilege if you are involved in an accident which resulted from some violation of the traffic laws committed by yourself. A better way to insure your driving privilege is to familiarize yourself with the traffic laws—then strictly obey them.

The Senate took time out in its adjournment rush to wish a happy birthday to a soldier in Korea—and to send him the flag that flew over the Capitol.

The soldier, Private First Class Charles Marston, a former employee of the Senate press gallery, wrote from his battle post requesting the Capitol flag on his 23rd birthday, November 22. Private Marston, a member of a 155-mm howitzer crew, said he wanted to fly the flag over his emplacement.

Senator John O. Pastore, (D) of Rhode Island said, "I think I speak for the entire Senate when I wish him a very happy birthday."

Burglars Given Stiff Sentences

William Warman, 29 years, and his wife, Pauline, of Mason-town, were sentenced Monday by Judge J. I. Hook for burglary of the Kelley Service Station in Monongahela Township on May 29, and the Hilltop Service Station and Brown's Radio Shop in Dunkard Township on May 28.

Warman, who is serving a sentence for burglary and larceny in Fayette County, was sentenced to from two to fourteen years in Western Penitentiary. The sentence is to run concurrently with that of Fayette County.

His wife was sentenced to an indeterminate term in the Women's State Training School at Muncy. Her sentence will date from the time she was jailed in Greene County, September 12, 1951.

M/Sgt. Ralph Lemley To Come Back From Korea

—Korea—
Master Sergeant Ralph A. Lemley of R. D. 3, Waynesburg, is leaving the pioneer 8th Fighter-Bomber Wing in Korea on rotation to the states. The son of Mr. and Mrs. R. V. Lemley, also of Waynesburg, Sergeant Lemley has been in the Far East for more than four years.

While assigned to the Eighth, Lemley was the shop foreman with the Motor Vehicle Squadron of the Wing. In this important assignment, the 33-year-old Master Sergeant supervised all the maintenance of vehicles that were in for repair. Trucks needed to haul supplies and armament loads to the waiting fighters on the flight line were all met by the diligent airman on deadline.

A former student in Waynesburg High School, Lemley entered the service in 1939. During World War II, he served with the 20th Bomber Command in the Caribbean.

The 8th Fighter-Bomber Wing was the first all jet unit to fight in the Korean War and at the same time, the first American jet organization to fight in any war. Pilots of the Eighth have flown over 24,000 effective combat sorties and have splashed more than three million gallons of fiery napalm on the Communist aggressor since the start of hostilities.

You don't dare to run a home or a business without insurance. The risks of financial loss are too great.

Sensible people don't go a single day without adequate insurance of several kinds. They know that, otherwise, they may be suddenly ruined by a fire, storm, burglary, accident or a damage suit.

They buy insurance almost before they buy meat and potatoes.

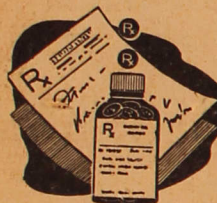

And insurance probably does not cost as much as you think. Consult us today as to what it will cost you to protect you against most possible financial losses in your home or business.

This is your fight—get in it!

We're fighting a dangerous war right here at home. It's a war against inflation, and it's everybody's fight. Inflation sends the prices up, steals the dollars out of our pockets, upsets our economy, threatens our plans for national defense. How can we beat it? Only through the common sense and self control of every American worth his salt.

We can't stop inflation by passing laws against it, but the American people can beat it fast, like this:

1. Encourage economy in public and private spending.
2. Buy only what is really needed and reasonably priced.
3. Invest every extra dollar in U. S. Government Defense Bonds and hold them to maturity.

Remember that U. S. Defense Bonds are more than a weapon against inflation; they're the safest dollar investment in the world!

Fifty-Year History of Greene County Sports

By GEORGE N. THOMAS

K-K-KATY EASTERDAY ERA Part II

It was certainly to Coach Easterday's advantage when in August 1925, Dick Toline, Waynesburg's All-Conference back of 1924, showed up.

He had spent a year on the Pacific Coast hardening himself in the shipyards. Before he could change his mind about staying, Contractor Bill Reed put him on the payroll until football practice was to begin.

Greene County sports followers envisioned another grid campaign. And they weren't far off.

Not far off enough on the Waynesburg schedule was the Washington & Jefferson encounter.

In fact, it was the opener of the 1926 season. The Republican's reporter said:

"... the W&J game is always regarded as the 'big game' of the schedule and although a win over the Presidents is beyond the hopes of the team's most ardent rooters, fans and coaching staff will be satisfied if the Washington County team can be held to a low score."

Katy and his assistants, Stewart Sims, and Buck Jones, drilled the boys hard on it.

And it wasn't all in vain. Waynesburg didn't win, but they held the score to 13-0 in a good game in the mud.

W&J said the Yellow Jackets were the best defensive team they had met in two years. It was quite a tribute to the 11 iron men who played the entire contest without a replacement.

Line men—Doc Buttermore, Captain Maynard Wood, Arleigh Pettit, George Watkins, Eke Anderson, Glenn Woodward and George; Backs—Morgan Baker, Dick Toline, Hap Frank and McCleary.

Katy had dependable and anxious reserves, but he didn't call on them that day.

They included Charley Susano, George Allison, Tom Boyd, Milt Decker, Shively and Carlson.

Hitting the High Spots

By JACK HAMMERS

Nearly everyone who saw them in action against Carmichaels High School Friday night came away singing the praises of the Waynesburg High School squad. True they didn't win, but they were trying all the way. No team can be judged on one game alone though—maybe they were just up for this one.

Local grid fans will get their second chance for the year to see Jack Wiley's Waynesburg College Yellow Jackets in action on home soil Friday night when they entertain St. Francis under the lights of College Field. By the way—wonder if it will "rain" on College Field Friday?

I for one was greatly surprised by the brand of ball played by the Junior League teams prior to the Waynesburg-Carmichaels High School game Friday. You would be too, if you have never seen these kids in action. One can spot quite a few future stars in the lineups.

We know of quite a few fans around town who are willing to wager Mr. Rickey will deal off Ralph Kiner this winter. Personally we can't see it. Would you sell a producing gold mine if you had one?

Here's the same story you've been hearing for the last month. Once more it was 8 right, 2 wrong. Maybe we aren't setting the pace as far as percentages go, but we'll wager no one else has hit the same figure four weeks running. Our season record now reads 41 right, 17 wrong, and two ties. Here's our choices for this week:

South Union over German Twp. Uniontown over Connellsville Washington over Redstone Center Twp. over Claysville Jefferson over Masontown Greensburg over Latrobe Trinity over Burgettstown Brownsville over Carmichaels California over Waynesburg Waynesburg College over St. Francis

through Ray Williams, Jerry Nyhan and McCallum. The Jackets were ripped by Canisius, 7-6, at Buffalo, then were hog-tied by Thiel, 0-0, and West Virginia Wesleyan, 6-6.

Geneva came from behind to win, and in their sixth try, the Jackets traveled to Washington, D. C.

Lou Little had four crack teams at Georgetown that year. They pounded Waynesburg unmercifully yet led by only four touchdowns going into the last quarter. Then the slaughter began. Acting Captain Williams sensed the collapse of Waynesburg's defense.

Asked by the referee what Waynesburg's choice would be in that barrage of five Hoya last period touchdowns, Williams gave the reply:

"We receive hereafter!"

And they did until the gun stopped the rout at 58-0.

Westminster's "United Presbyterians" and the Jackets tied up in a scoreless duel in mud and sleet.

Just when everyone had given up expecting a victory in 1927, the Jackets came to life and on Armistice Day on Duquesne's Bluff, they whipped Elmer Layden's Dukes, 18-0.

Layden, one of Rockne's famed Four Horsemen, was rebuilding Duquesne.

For the third straight year, Katy failed to beat his old pupils from Bethany. The Bisons held off on their two-yard line on two occasions and won. That was it. Katy never guided another football squad on College Heights, although he closed out another basketball season.

Jim Miller took over as graduate athletic manager. Katy left for Kittanning where he said he would open a dental office.

Two years later, however, he was back in the game. He tutored Kittanning High to an undefeated season.

For twenty years he's been athletic head for Pullman Coach Company of Butler.

Waynesburg Yellow Jackets Down Bethany Bisons; Maltony Hurt

Waynesburg College's Yellow Jacket grid squad ran all over the Bisons at Bethany Saturday and scored an easy 31-0 win. Waynesburg had complete command of the game, racking up a 17-4 edge in first downs and holding Bethany to a minus 25 yards net gain while grinding out a total of 302 yards.

Early in the first quarter Wagner intercepted a pass on the Bethany 43. Laird took a pass from Beadling to move the ball to the Bison 30. After Waynesburg moved to the 3 yard stripe Marazsky cracked over for the first score. Bradford converted and Waynesburg lead 7-0.

The Jackets recovered a Bison fumble on the Bethany 27 in the second quarter and took five plays to advance to the two yard line from where Brown scored. Bradford once more converted and Waynesburg was ahead 14-0 at the half.

Shortly before the end of the first half, Ed Maltony, sopho-

more tackle, suffered a bad cut on his right leg. He was carried from the field and treated at a local hospital but was able to accompany the team home.

As the third quarter got under way Waynesburg once more recovered a Bethany fumble on the Bison 35. Coach Jack Wiley's crew moved the ball to the Bethany 10 from where Bradford calmly booted a field goal, his third of the year.

A few plays later Waynesburg took over on the Bethany 35 after a punt went out of bounds. On the second play from this spot Joe Brown took off around left end to go all the way.

In the fourth period another Bethany punt backfired and rolled out on the Bison 47. Federici picked up 22 yards in two tries, Marazsky and Bradford six each to move the oval to the 13 from where Federici scored.

Waynesburg was on the one foot line as the game ended.

Raiders Hold Carmichaels To Slim 6-0 Win

Playing perhaps their best game of the season, Waynesburg High School's Red Raiders held a favored Carmichaels High eleven to a slim 6-0 win at College Field Friday night.

The only score of the game came in the second quarter. Carmichaels took over on their own 41 and drove for the score. Three times the attack seemed to be halted and three times the Mikes pulled Waynesburg offside to pick up automatic first downs on penalties. Krutko climaxed the drive when he smashed over from the one to score. His line plunge for the extra point failed.

Both teams fought on fairly even terms during the third quarter with neither team threatening.

In the fourth quarter, however, Waynesburg came to life and it looked like they were going to pull one out of the fire. Johnston intercepted a pass on the Carmichaels 44 to set the stage for the rally. Heft lost five yards on the first try. Moore then tossed a pass to Johnston for 39 yards and the ball moved to the Mikes' 10. Three plays moved the ball to the one yard line but Waynesburg was denied their score when both teams were caught offside. Carmichaels took over when the next play failed and punted out of danger.

Carmichaels led 13-5 in first downs.

Score by periods:

Carmichaels	0	6	0	0-6
Waynesburg	0	0	0	0-0

Richhill Rallies To Edge Center Twp. 13-7

Richhill Township High School rallied to score two touchdowns in the fourth quarter and hand a visiting Center Township High eleven a 13-7 defeat at Wind Ridge Saturday afternoon.

Center Township held complete command of the game during the first half and scored on an 8-yard dash by Roger Parry after a drive of 60 yards. The score came in the second period.

Richhill took over command of the game in the second half but each time they drove to the Center 20 the attack stalled. However, early in the fourth quarter Buck Gray broke through to recover a fumble in the end zone for a Richhill score. Parsons made good on the extra point try and the teams were tied 7-7. Harold Adrian then rambled 21 yards for the final score a few minutes later.

Center Township lead in first downs 13-10.
