## Twenty Soviet Ships Nearing U. S. Armada

United States war ships are in position around Cuba, but no contact with Russian ships has been reported by the Defense Department, late Wednesday afternoon.

The "quarantine" of the island went into effect Wednesday morning at 10 o'clock.

As far as is known, 25 Russian ships are proceeding toward Cuba. London reports state another large Soviet-escorted convoy is also enroute there.

The showdown of force could come almost at any moment, since the Soviets have warned the ships will not stand for search. Any one of the Russian ships could have missiles or other weapons that come under the President's "quarantine" against offensive weapons.

The vast U. S. fleet of naval vessels have orders to hail, stop, search and—if necessary—sink vessels of any nation which try to avoid inspection, whether they carry quarantined cargo or not.

The quarantine does not prevent shipment of medicine and food to Cuba—only arms. The Organization of American States on Tuesday, almost unanimously approved a U. S. resolution calling for the use of armed force to prevent a further build-up of offensive military weapons in Cuba. Only Uruguay abstained from voting. The vote was 19 to 0.

Argentina, Costa Rica and Honduras have offered help to make the quarantine effective. The two Central American countries have offered bases.

Great Britain, Canada, Mexico and West Germany immediately backed the United States move.

It is reported in London that the Soviet premier is now hinting for a summit conference.

## State Bypassed On Contracts, Van Zandt Says

Pennsylvania is not getting its fair share of research and development contracts or prime contracts, Representative James E. Van Zandt said Friday. At a rally in Ambler the Republican candidate for the U. S. Senate said the state's chronic unemployment could be cured at least in part if the administration would give more consideration to the State of Pennsylvania in awarding Government contracts.

"The state of California—which does not have unemployment problems—is getting almost 25 percent of the Government research and development contracts," he said. "The state of Pennsylvania is getting less than 4 percent."

"The state of Pennsylvania has the institutions of higher education and the technical skills to handle these contracts."

"One consideration in awarding these contracts is supposed to be the basis of need to bolster state and local economies—to relieve unemployment—to revitalize depressed areas. But the administration has not seen fit to give Pennsylvania its fair share."

## Texas Is Allowed To Sue State, N. J.

WASHINGTON—The Supreme Court on Monday granted Texas permission to file suit against New Jersey and Pennsylvania in an effort to take possession of \$37,853 in Sun Oil Co. payments left unclaimed by about 20,000 individuals.

Each of the states claims the money under their escheat laws. The constitution gives the Supreme Court authority to settle disputes between states.

Sun Oil was chartered under New Jersey law and has offices in Pennsylvania. It produces oil in Texas. Unclaimed payments include rental checks, oil and gas royalty checks, dividends on Sun Oil stock, and checks for wages, services and supplies.

**GAS OR OIL IN 33 STATES**  
TULSA, Okla.—Thirty three of America's 50 States produce either oil or natural gas or both.

## Waynesburg Man Accepts Position With Gallatin Bank

JOHN R. THROCKMORTON

John R. Throckmorton has accepted a position as a vice president of Gallatin National Bank, and will manage the bank's new office in Waynesburg.

In releasing the announcement, Paul Malone, president of Gallatin National Bank said "We are happy to have Mr. Throckmorton in our official family. His energy and dedication to sound banking principles are well known and much recognized. His forty-four years in banking in the Waynesburg area gives him a background and a knowledge of the needs of the area."

A native of Waynesburg, Mr. Throckmorton graduated from Waynesburg High School, and attended Waynesburg College. Beginning his banking career with the former Citizens' National Bank in 1918, he joined the First National Bank and Trust Company in 1927, and was elected assistant cashier that year. He became cashier of that institution in 1936, vice president in 1947, and executive vice president in 1951.

Mr. Throckmorton is a graduate of the Stonier Graduate

## Scranton Tribune Endorses Scranton

SCRANTON, Pa.—The Scranton Tribune, which describes itself as an independent Republican newspaper, endorsed Rep. William W. Scranton for governor in an editorial appearing in early Friday editions published Thursday night.

The Tribune, a morning newspaper, said in the editorial:

"... We urge Bill Scranton's election on the basis of his splendid record of service as a private citizen and as a public office holder."

The Tribune said employment for Pennsylvania's jobless is the predominant issue of the campaign and added:

"We know of no more experienced man in that field of endeavor than Bill Scranton."

The Tribune endorsed David Dwight Eisenhower for president in 1956.

## Mertz Addresses Altoona Bankers

Harry E. Mertz, executive vice president and cashier of the First National Bank and Trust Company of Waynesburg, Pennsylvania, addressed Altoona bankers on Wednesday at a dinner meeting in the Penn-Alto Hotel.

His subject was Personnel. The discourse included banking personnel history—the difference between the past and the present; the results of a complete survey of employees fringe benefits; the wants and desires of employees; absenteeism; personnel turnover; morale audits and supervision. In addition, the discourse included the psychological understanding of employees, applications, and investigations, orientation, and exit interviews. Also such miscellaneous subjects as outside conduct, financial assistance, and the hiring of relatives.

## Roscoe Drummond Says:

### Kennedy's Two Handicaps

Written for The Christian Science Monitor and reproduced by special permission

It isn't that the President so much wants more Democrats in Congress as he does more pro-Kennedy Democrats in Congress.

The reason is that, except on the large issues of foreign policy and the cold war, this 87th Congress with a nearly two-thirds Democratic majority in both houses, turned against the President on numerous key measures.

Its positive record, including the trade-expansion act to enable the United States to deal with the European Common Market, is a modest, good one.

Its negative record is far more imposing because it reveals that on the major matters of domestic controversy—from medicare to federal aid to education—Congress is considerably more conservative than the President. The record disproves Mr. Kennedy's campaign thesis that if the country would only elect a Democratic President to work with a Democratic Congress, then the legislative mill would go into high gear. It hasn't. This is why Mr. Kennedy is going to be on the campaign trail much of the time to see what he can do about it.

The President is engaged in an uncertain and unlikely enterprise—the enterprise of trying to persuade the voters to give him a more pliant Congress.

Mr. Kennedy has two handicaps. One is that when he himself was a successful candidate in 1960 most Demo-

cratic congressmen fared better at the polls than he did. The Democratic congressmen helped Mr. Kennedy more than he helped them.

A winning presidential nominee almost invariably helps his party increase its seats in Congress. Mr. Kennedy had no such effect: it was the reverse. In 411 of the 437 congressional districts, Mr. Kennedy ran behind the victorious candidate for Congress. Of the elected Democratic congressmen, 191 got at least 5 per cent more votes in their district than did the President.

On these facts it would be logical to conclude that the Congress, which rejected so many of the top-priority Kennedy measures, is as representative of voter opinion as the President—or more so.

Mr. Kennedy's second handicap is the difficulty which any President has in transferring his own popularity to other candidates. Franklin D. Roosevelt rarely succeeded in doing it. Former President Eisenhower was no more successful. It is even more difficult when in the off-year elections the President himself is not running.

Only once in this century—in 1934—has the party in power failed to lose congressional seats in the off-year voting. The average loss has been 38 seats. At this stage it looks as though it will be the Republicans who will gain seats, not the Democrats. If this (Turn to Page Four)

## Judge Hudson Of Uniontown Dies at 89 Years

Former Judge Thomas Henry Hudson, 89 years, of Uniontown, Fayette County, died Sunday, October 21, 1962, in the hospital there.

He was a son of Samuel and Harriet Mestrezat Hudson, and was born October 5, 1873, at Kirby, Greene County. Judge Hudson graduated from Waynesburg College in 1893, and from Princeton University in 1895. In 1898, he was admitted to the Fayette County Bar. From 1902 to 1904, Mr. Hudson served as district attorney, and again from 1905 to 1907. He was county solicitor from 1910 to 1913.

In December 1925, Mr. Hudson was appointed a judge in common pleas court by Governor Gifford Pinchot. Judge Hudson later was elected to the office and retired in January, 1938, as president judge.

He had been a trustee of Waynesburg College for many years, and was greatly interested in civic affairs in Fayette County.

Judge Hudson was a member of Trinity United Presbyterian Church, the Rotary Club, and Fort Necessity Chapter, Sons of the American Revolution. He was a past state president of the S. A. R.

His wife, Lucille Robinson Hudson, died several years ago.

Surviving are two daughters, Mrs. Louise H. Campe of Pittsburgh, and Mrs. Hope H. Farrell of Wilmette, Ill.; one son, Attorney Thomas H. Hudson of Uniontown; nine grandchildren and one great-grandchild. Also surviving are a brother, Dr. William M. Hudson of Carlisle, Ill., and Mrs. Mary H. Floyd of Pittsburgh.

Funeral services were held Tuesday in the Johnson Funeral Home, conducted by Rev. Vincent T. Ross. Interment in Oak Grove Cemetery.

## Bituminous Coal Production Down

WASHINGTON—The National Coal Association Thursday estimated bituminous production for the week ended October 13 as about 8,925,000 tons against 9,028,000 tons for the corresponding period last year.

Production for the week ended Oct. 6 was 8,820,000 tons.

Production for the Jan. 1-Oct. 13 period was estimated at about 327,765,000 tons compared with 308,359,000 tons a year ago.

## Turn Clocks Back Sunday Morning

Daylight saving will end at two o'clock Sunday morning and the nation will return to Eastern Standard Time.

Clocks should be set back one hour and you may snooze an hour longer Sunday morning to get back that hour you lost last April.

## District Heart Association Meets Here, November 11

Dr. Robert C. Pontius of Pittsburgh, will be the speaker at the semi-annual dinner meeting of the Southwestern Pennsylvania Heart Association, November 11, in the Greene County Country Club, Dr. A. Carl Walker of Waynesburg, president, announces.

His subject will be, "Half a Decade of Open Heart Surgery." Dr. Pontius will describe the accomplishments at the Children's Hospital, Pittsburgh, in the last few years.

Dr. Walker stated "the Heart Association is pleased to have Dr. Pontius speak on his subject at our semi-annual meeting as he has performed heart surgery on some of our children in Washington and Greene Counties who are now able to live normal healthful lives because their heart defect has been corrected through surgery."

Dr. Walker further stated that Dr. Pontius was awarded this year a grant of \$5,000 from the Southwestern Pennsylvania Heart Association to support his research entitled, "Studies of Cardio-Respiratory Dynamics Following Surgery for Congenital Heart Disease."

The dinner will be at seven o'clock, preceded by a social hour at six. Reservations may be made by calling the Heart Office in Washington B A2-3460 or Waynesburg 627-7998, not later than November 7.

## Lincoln Papers Found in Hungary

VIENNA—A number of valuable documents from the American Civil War, including three signed by President Abraham Lincoln, have been discovered in Budapest archives, the Hungarian News Agency MTI reported Wednesday.

The papers once belonged to Julius Stahel, a Hungarian-born general in the Union Army.

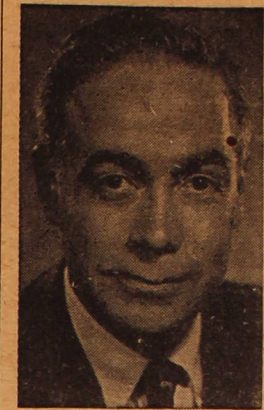

The documents with Lincoln's signature are two deeds of appointment and a letter to Gen. Carl Schurz.

## PENNSYLVANIA DUTCH

The first "Pennsylvania Dutch" people arrived in America in 1682 and settled in Germantown, Philadelphia. They later spread into Bucks, Berks, Lancaster and Northampton counties, establishing large communities of "plain people."

## First National Opens Drive-In On Monday

### William Scranton Here Saturday

WILLIAM W. SCRANTON

William W. Scranton, Republican candidate for governor of Pennsylvania, will make a quick trip to Greene County Saturday and will speak on the Court House Plaza at four o'clock, E. Bryan Jacobs, county chairman, announces.

He will arrive at the County Airport and, after a press conference, will then come to the Court House Plaza.

Mr. Scranton is the third Republican candidate for a state-wide office to visit Greene County during this campaign.

From Waynesburg he will visit Fredericktown, Uniontown and Connellsville.

## Mail Deadline On GI Yule Gifts

WASHINGTON—The Defense Department set the November 1-20 period today for mailing Christmas gifts to military personnel overseas.

It urges families and friends of overseas personnel "to mail their gifts as early as possible during this period to minimize possibilities of non-delivery before Christmas Day."

It advised that gifts should be packed carefully in cartons of wood, metal or double-faced corrugated fiberboard.

## Big Registration For Election

HARRISBURG—Voter registration for the November 6 election has set a new record for the election of a governor.

But the total is far short of the all-time record set in 1960, when President Kennedy and former Vice President Richard M. Nixon drew nearly 90 per cent of the registration to the polling places.

Major party totals for November 6 probably will exceed 5,561,576. That figure includes complete registration for the November 6 election from 60 counties and registration figures from the May 15 primary for the other seven.

All registration in 1956 was 5,397,407 and in 1960, it was 5,687,837.

Republican and Democratic registration for November 6 from the 60 counties totaled 4,711,862. The May 15 registration in the other seven counties (Beaver, Bucks, Chester, Elk, Erie, Lackawanna, Montgomery) totaled 849,714. The figure is expected to be slightly larger in November 6 registration.

In the combined figures Democrats showed a registration lead of 2,876,549 to 2,685,027. Indications are that when all final registration figures are in Democrats will hold an edge of just about 200,000 over the GOP.

In 1960 the Democratic edge was nearly 3,000 and in 1958 Republicans held a small margin over the Democrats.

## Hallowe'en Events In Waynesburg

James Farrell Post, American Legion, will sponsor the annual Hallowe'en parade here Wednesday night.

Tuesday night has been designated as "Trick or Treat," by Mayor Roy Shultz.

First National Bank and Trust Company will begin service at the new drive-in window on Monday.

The window is located at the rear of the building on Washington street and Strawberry alley. Customers will enter from Washington street and leave by the alley.

While the bank itself will continue its present banking hours of from 9 a. m. to 3 p. m., the drive-in window will be open from 9 a. m. to 4:15 p. m. for the added convenience of customers.

The window, designed to serve ground-hugging sports cars or jumbo-sized trucks with ease, will enable motorists to complete their banking transactions in seconds without leaving their vehicles.

When a motorist drives up to the electrically operated, bullet-proof window he speaks with the teller in normal tones, his words being picked up by a high fidelity two-way speaker system. The teller, by touching a control button, electrically activates a draft-proof deposit receptacle which automatically moves from the window to the driver.

As soon as the motorist places his deposit slip in the receptacle, it is retracted by another touch of the button.

Because of the wide range of automobile heights, the cash receptacle, which is the bridge between the teller and the window of the customer's car, is designed to be in correct position for all vehicles, from sports cars to trucks.

Services will initially be accepting deposits for checking accounts, and cashing checks.

Parking space for three automobiles is incorporated in the drive-in area for the convenience of bank customers.

The drive-in area is attached to the main building, connecting with it by a corridor and the expanded installment loan department. A new entrance on North Washington street will give access to the installment loan department and also to the main banking rooms.

Other improvements include a lowered ceiling, complete redecoration, installation of air conditioning and modern lighting in the main lobby. A room on the second floor has been remodeled for the use of employees, who will be able to use it for lunch or during periods of relaxation. It is equipped with a small cooking range, refrigerator and sink.

"The modernization program will not only add to the convenience and comfort of the bank, but will also enable us to expand the services we offer our customers," Judge J. I. Hook, president of the bank, stated.

## Building Program For U. N. Proposed

With 109 members now, and new countries clamoring for admission, the United Nations is faced with the problem of expanding facilities on its site along New York's East River.

Acting Secretary-General U. Thant and his aides, tired of makeshift arrangements for meetings—and for feeding—of the more than 1,000 delegates during General Assembly sessions, plan to ask the assembly to authorize a building program to cost an estimated \$8 million.

It would accommodate representatives from 126 countries.

The most ambitious project calls for expanding the conference halls building on the south, back of the towering secretariat building and provide two more meeting rooms.

It also calls for extending the building northward, back of the General Assembly hall, to provide a restaurant of international prestige, a roomier cafeteria, and a bigger lounge for diplomats.

**WE OPERATE IN A FISHBOWL**

There are no secrets in a fishbowl. Everything can be seen from every angle.

Although your gas company is a tax-paying, investor-owned private enterprise, it has to conform to strict government regulations. It must, in effect, operate in a fishbowl.

Accounting procedures, operating expenses, construction financing and inter-company relations are all subject to the closest examinations by the Public Utility Commission.

Gas rates, for example, are determined by the Commission only after a very thorough study. Everything is looked at from all sides.

Gas costs, labor, materials and supplies, taxes, depreciation, depletion and many other factors are carefully analyzed to justify and establish rates that must be both reasonable and non-discriminatory.

Operating in a fishbowl is not easy. The paperwork is mountainous. The reports are massive. The hearings are grueling.

But there is no doubt that these procedures—developed over many years of experience—have proved to be the most successful in protecting the interests of all those concerned: the customers, the investors, and the community.

Veterans of Foreign Wars  
We fought for your freedom of worship . . . Use it every Sunday.

What's happened to America's spirit where pride in good workmanship is concerned? On all sides, the careful attention to detail that once spelled "craftsmanship" is dying out. Some blame it on modern production methods, others on the depression which lasted so long, still others on the recent wars. All good reasons . . .

But no matter what the reason, the church recognizes that if pride of good workmanship is lost, an integral, vital part of America is lost with it. When a man cannot say, as Ruskin said, "I know what pleasure is, for I have done good work," he not only loses a part of his heritage—he is in grave danger of losing part of his soul.

That ye might walk worthy of the Lord, unto all pleasing, being fruitful in every good work. —Cor. 1:10

God gave us a conscience that tells us when work is good or bad. Churches help to keep that conscience clear for all who heed the word of God. For any church knows that good workmanship is—in the highest sense—a part of the Golden Rule which says, "Love thy neighbor as thyself."

We are what our neighbors do for us. They are what we do for them. And the man who knows, in his conscience and heart, that his work, no matter what it may be, is the best that he can do is doing much more than satisfying his own inner craving for craftsmanship.

His gift of good work is, in all truth, a blessing to himself, a contribution to his community, and one of his highest tributes to his God.

happens, then the new Congress will move somewhat further to the conservative side, and the President's controversial domestic programs will face larger opposition next year.

There is another aspect to the elections which must give the administration even greater anxiety than the prospects of another "show-me" Congress. The political tide seems to be running toward the Republicans in many of the crucial governorship contests, and there is a serious possibility that the Republicans will come to power in most of the powerful and populous states across the country.

At the state level the Republican gubernatorial nominees look to be in the lead in Massachusetts, New York, Pennsylvania, Michigan, Ohio, and Wisconsin. And in California Mr. Nixon is making gains, and he may well unseat Gov. Edmund G. Brown.

The effect of such a sweep—or even a near sweep—would change the whole political climate for 1964. It would strengthen the Republican Party where it would count most in the next presidential election. It would put the Republicans in control in states where they are now, for the most part, weakest. It would not two new Republican leaders onto the national scene, Rep. William W. Scranton in Pennsylvania and George Romney in Michigan. It would enlarge the influence of Mr. Nixon and enhance the prestige of Gov. Nelson A. Rockefeller.

The sum-total consequence of such a Republican victory, which now appears to be in the making, would be to remove the mystique that Mr. Kennedy can't possibly be beaten for a second term and make the 1964 Republican presidential nomination a coveted prize.

**Casadesus Plays This Week; Leningrad Orchestra, November 1**

Pianist Robert Casadesus, like the coming of winter, makes his regular appearance this week end at Syria Mosque with William Steinberg and the Pittsburgh Symphony. Unlike the arrival of Casadesus and winter, the famed Leningrad Philharmonic Orchestra appears for one performance at Syria Mosque on Thursday, November 1.

Casadesus, as he did last year at Syria Mosque, opens the annual Haydn-Mozart-Beethoven Cycle scheduled for this season with performances of Beethoven's Fourth Piano Concerto, Haydn's Symphony No. 98 and Mozart's famous "Prague" symphony complete the program prepared by William Steinberg.

The Leningrad Philharmonic Orchestra, with 120 musicians, is making its first American tour and will feature, among other works, the music of Dimitri Shostakovich, one of Russia's most outstanding contemporary composers.

Tickets for the concerts this week end featuring pianist Robert Casadesus and the November 1 appearance of the Leningrad Orchestra are now available at Symphony box-office in Pittsburgh and will be available at Syria Mosque before each performance.

In 1775 the population of Philadelphia was 40,000, and thus greater than any English city of the time with the exception of London.

**Yankee Quits Grenadiers**

LONDON—An American paid the Grenadier Guards \$58 Monday and found himself a civilian again.

He is Robert Mays, 24, of Baltimore, who decided he didn't like life in the Grenadier Guards—bearskin hat or not.

Mays hitched a ride here last summer on a British warship, gave up his American citizenship and joined the guards because one of his ancestors had fought with them at Waterloo.

Monday he took advantage of a provision of British law which lets a soldier buy his way out of the army if he doesn't like being a soldier.

Whether or not he will try to get his American citizenship back is not known.

**Hallowe'en**

Remember when, on Hallowe'en, some of the more daring boys would raise "Old Ned", even causing expensive damage for which embarrassed parents had to account? Today, with parades and entertainment under city-wide sponsorship replacing this sort of Hallowe'en vandalism, everybody has more fun with no unpleasant aftermath. Remember?

We never forget that to some it is most important that the final tribute to their loved one is not a heavy burden.

GEORGE WILLIAM SMITH

### Impersonation of Twain at College

George William Smith, an impersonator of Mark Twain, will appear Friday night at eight o'clock, in the Playhouse, Madison Hall, Waynesburg College.

He will also appear Saturday night at eight o'clock at the College Uniontown Center, in Uniontown High School auditorium.

Mr. Smith is professor of speech, radio and television at McCormick Theological Seminary, Chicago. When he appears in a white suit, along with a white wig and cigar-stained moustache, he is Mark Twain. He gives a lecture just as the humorist did in 1905.

The audience even in 1962 laughs with abandon when he tells his famous stories. "An Encounter with an Interviewer," is only topped by "His Grandfather's Old Ram," and before the evening is over the listeners discover again, as the nation did in 1905, that Mark Twain was more than a humorist; he had something to say to his audience in 1905 that sounds very modern in 1962.

In 1818, most goods imported into Ohio passed through Philadelphia.

### College to Enlarge Uniontown Center

Dr. Paul R. Stewart, president of Waynesburg College, has announced that matching gifts totalling \$50,000 have been made to develop the physical facilities for the Waynesburg College program of higher education in Uniontown and Fayette County. The gifts were made by the Uniontown Trinity United Presbyterian Church, and by Orville Eberly of Uniontown, a trustee of Waynesburg College and outstanding civic leader.

Plans for this further development of higher educational service in Uniontown and Fayette County include a two-year program in the arts and sciences leading to a liberal arts degree. Afternoon and evening classes will make wider the opportunities for persons to start their higher educational program. A varied program of adult education, without credit for the purpose of cultural enrichment, continuing education and specialized study will be offered. As need and demand become apparent in other fields of study, the college will determine programs to meet these needs if at all feasible.

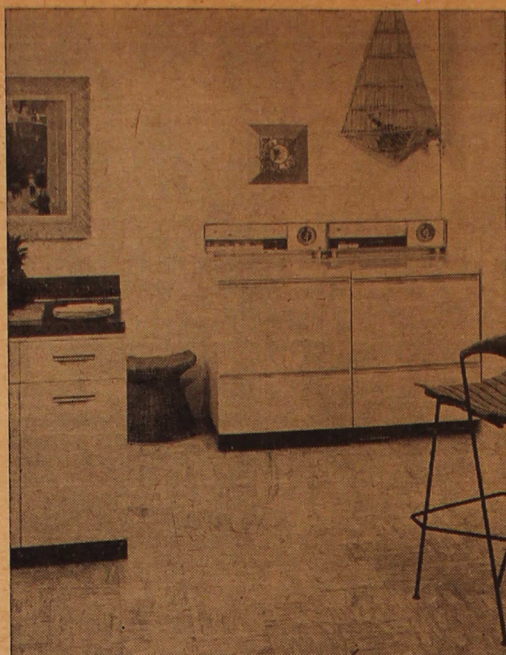

### Socials

John Corbly Chapter, Daughters of the American Revolution, met Saturday in the Fort Jackson Hotel. Hostesses were Mrs. William Malady and Mrs. Frank Olmstead. The regent, Mrs. Ica R. Fordyce, presided. This was a business meeting. Miss Lena Hawkins read an article on national defense. A report on the recent state conference was given by Mrs. Fordyce and Mrs. George Cummins, past regent. The treasurer's report was given.

Mrs. Stanley Manifold entertained the Library Club Thursday in the private dining room of the Fort Jackson Hotel. Miss Lucille Faddis reviewed the book "The Agony and the Ecstasy." High on the best seller list, it is a story of the life and work of Michaelangelo and the political intrigue of his day. It is also in the library of best sellers maintained by the club. Dessert was served to 35 members.

Mrs. James B. Schroyer will entertain the Waynesburg Woman's Club Friday at 7:30 in the Fort Jackson Hotel. Dessert will be served at that time. Please call 627-5902 if unable to be present.

### New Look For Home Laundry

Perhaps you never thought of your laundry room as an attractive assembly line. But with modern, streamlined electric appliances that take most of the work day out of washday, the home laundry can be as efficient as an industrial plant.

For maximum efficiency, laundry planning experts advise a "left to right" layout for the progressive steps in proper laundering—mending, sorting, removing stains, washing, drying, and ironing.

And because the automatic washer, electric clothes dryer, and ironer are so attractive, they add to the appearance of almost any room of the house. Since

there are no flames or fumes, they can be located anywhere.

If you have a big family room kitchen, you will probably want to locate your electric laundry equipment there. Then, while your automatic electric appliances do the work for you, you're free to do other nearby kitchen tasks.

Your laundry area may be separated from your cooking center by room dividers or a peninsula installation. Decorate the laundry corner to harmonize with the rest of the room. Your washday supplies—in attractive canisters—may be kept on a hanging shelf, out of children's reach.

### State Baptists Elect Officers

UNIONTOWN, Pa., Oct. 18—A Canadian-born minister was elected Thursday as president of the Pennsylvania Baptist Conference. The new head of the 528-church conference is the Rev. John A. Mueller, pastor of the First Baptist Church of Washington, Pa.

Mr. Mueller also served other Pennsylvania churches at New Brighton, Tarentum and Uniontown and at a church in Chicago. He also has served as president of the Pennsylvania Baptist Ministers' Council.

Others elected were Matthew Crawford of Kitanning, first vice president; Mrs. Kimber Kuster of Bloomsburg, second vice president; the Rev. Oliver Peterson of Landsdale, recording secretary, and Herbert Lindwall of Valley Forge, treasurer.

### College Library Sets New Hours

Evening hours at the Waynesburg College Library have been extended from 9 to 10 p. m.

Mrs. May Clovis, librarian, stated this was done to meet the needs of students for longer hours of study, reference, and research on term papers.

The hours are: Monday-Thursday, 7:50 a. m. to 5:00 p. m.; 7:00 p. m. to 10:00 p. m. Friday, 7:50 a. m. to 5:00 p. m.; Saturday, 8:00 a. m. to 4 p. m. Sunday, 7:00 p. m. to 10:00 p. m.

Adults of Waynesburg and Greene County are welcome to use the reference facilities offered at the Waynesburg College Library. They may also borrow books not being used by the students.

A special program is being set up for high school students.

### Personals

## ELECTRIC SERVICE

What else does so much so often for so little?

See if you can count the many ways electricity is used in your home.

You'll probably be surprised to realize how many modern "electric servants" work for you—washing, cleaning, preparing meals, preserving, even bringing you entertainment. And for such low "wages." No doubt about it. Low-cost, dependable electric service brings you plenty of good living at a budget price!

And that's how it is for every one of the more than 140 million customers served by the nation's investor-owned electric light and power companies. This company is proud to be one of them.

## SAFE DRIVING TIPS KEEP PENNSYLVANIA "THE SAFE DRIVER STATE"

By Turning On Your Lights

It gets dark earlier at this time of year. Twilight occurs when most drivers are hurrying home from work. Eyes are tired, visibility is poor, and accidents are likely to occur.

You must be able to see trouble in order to avoid it. Don't wait until it gets dark to turn on your headlights. Put them on at dusk, in rain, in fog, when visibility is poor. You're a better driver when you can see properly!

If every motorist had observed this one sensible suggestion last year, 8,300 accidents, and 56 fatal accidents might have been avoided!

### Waterford Park Fall Meeting Opens Saturday; Officials Named

James F. Edwards, president of Waterford Park and Wheeling Downs, has announced the appointments of operational heads and the official family for the ensuing meeting at Waterford Park.

Topping the list is Harry R. Bell as general manager, a capacity he now holds at Wheeling Downs during the current meeting. Vince Mara, Jr., steps into Bell's shoes as racing secretary and Milton Efthemas fills the vacancy left by Mara as assistant racing secretary.

Mr. Bell has been handling the reins of Waterford Park, unofficially, for some time now from his office at Wheeling Downs. Mr. Mara has been busily engaged in writing the first condition book for Waterford which is now ready for distribution to the horsemen.

There are only a few minor changes in the official family at Waterford Park where the majority of those who have been officiating at Wheeling will take over similar duties at the Chester, W. Va. plant.

These include James DeWitt, placing judge and identifier; paddock judge, Harry Wright, and assistant racing secretary, Milton Efthemas, in the placing judges' stand; Adam Prain returns as patrol judge; Ronald Fisher, jocks' room custodian, and Ronald Cook will take over as horsemen's bookkeeper.

Others are Dea Woods, starter; Howard Conner, plant superintendent; Jay Mathews, director of mutuels; Harry Armus, parking and stall superintendent; Gene Dunaway, admissions manager; Dr. A. L. Turner, medical director; Alan Drake, announcer; Howard Graham, comptroller; Pete Bonamy, director of publicity and Ralph Baltimore will return after an absence of over a year.

Waterford Park's fall meeting gets under way on Saturday, October 27, and will run for 37 days, through Saturday, December 8. Post time for the entire meeting has been set at 1:30 P. M. daily, Mondays through Saturdays.

### Most '61 Records Exceeded in 1962 In Boys' Age-Group

Two-thirds of the 45 records in the boys' division of the Age-Group Track Program sponsored by the Greene County Track Club went by the boards in 1962.

There were 30 new marks established and three standards tied. Twelve of the records set in 1961—first year for the program in Greene County—remained on the books.

"This gives a good indication of the excellent physical fitness benefits of the program," stated Track Club President John L. O'Hara.

Six-year-old Bobby Harwick and nine-year-old John Buchanan have the most lines in the book. Harwick owns five marks while John holds four and is tied for another.

Bobby is the standard holder in the 40, 50, and 60, and in the broad jump for ages four and five. John has records for the 1000, broad jump (9, 10, 11), and softball throw (9).

One-year-old Eric Dukate has four marks. He owns standards for the 10 and 20-yard runs and for the softball throw for ages one and two.

Two boys—11-year-old Joe Watson and eight-year-old Dennis Dulaney—hold three records. Two 14-year-olds—Dave Johnson and Mel Remington—own two and are tied for a third.

Holding two marks are Tom Cochran, 13; Ken Cumberledge, 13; Mike Dulaney, 7; and Barry Harwick, 7. Brett Moore, 3, and Floyd Barnhart, 11, hold one and are tied for a second.

Twenty-four boys share in the 45 standards. There are 15 age-group records each in running, broad jumping, and softball throwing.

## Her Sons Made Good

Everyone loves a bargain and when the subject of bargain race horses comes up, everyone recalls Alsab, a \$700 yearling who won \$50,015 in days of less lucrative purses; Stymlie, a \$1,500 claim who for a time topped the list of money-winners with \$918,485 or Man o' War, a \$5,000 yearling who earned equine immortality. One of the biggest bargains of all time, however, was a mare who cost \$750 as a yearling, might have been claimed in her final race for \$1,400 and retired with total earnings of \$100. Her name—Hildene. Her owner, Christopher T. Chenery, owner of

Meadow Stable is primarily interested in breeding, however, so Hildene went to his Doswell, Virginia Farm. There she proceeded to produce a batch of winners. Five of her sons won stakes. Among them: Hill Prince, winner of \$422,140 and three TRA championships; First Landing, winner of \$779,577 and the champion 2-year-old of his year; Third Brother, winner of \$310,787; Mangohick, winner of \$115,115 and Prince Hill, winner of \$98,300 before a broken leg ended his brief career. Hildene died in 1957, but not before producing a daughter, Saturna who in turn produced Cicada. The champion 2-year-old filly of 1961, Cicada has this year not only dominated her own division, but has held her own against colts and older fillies and mares. In the doing she has become the top money-winning filly in racing history with a strong possibility of becoming the first equine millionaire.

### To Exhibit At Livestock Show

HARRISBURG — Of 22 states represented by entries in the sixth Pennsylvania Livestock Exposition, November 5-9 in the State Farm Show Building, Pennsylvania leads with 1,396 animals out of a grand total of 3,126. Ben Morgan, general superintendent, has announced.

Keystone State exhibitors, totaling an even 200, come from 35 counties. They will show 364 head of beef cattle, including breeding stock in the four principal breeds—Angus, Hereford, Polled Hereford and Shorthorn, feeder steers, carcass steers, open class market steers and 4-H and FFA baby beefs.

Host state swine exhibitors will include 354 head of brood stock in seven breeds—Berkshire, Chester White, Duroc, Hampshire, Poland China, Spotted Poland China and Yorkshire. Swine entries from this state will include

also 260 market barrows and 89 carcass barrows.

Pennsylvania sheepmen will show 379 head. These include carcass and market wethers and brood stock entries in nine breeds—Cheviot, Corriedale, Oxford, Dorset, Rambouillet, Hampshire, Southdown, Suffolk and Shropshire.

Greene County exhibitors are: Lazear and Bradley Eisminger, Waynesburg, R. D. 3, two Short-horn cattle. Charles J. Eisminger and Sons, Waynesburg, R. D. 3, five feeder steers. Tom Wildish, Rogersville, one junior steer.

Washington County exhibitors are: John M. Lindley, Dunns Station, R. D. 1, five feeder steers. Green Cove Farm, Avella, R. D. 1, three carcass steers. Falklands Farm, Schellsburg, 13 Polled Hereford cattle, 1 market and 3 carcass steers.

E. G. Studebaker, Bedford, 11 Polled Hereford cattle.

Harry Wareham, Everett, R. D. 1, 1 Hampshire swine, 9 market and 6 carcass barrows.

### Your Health

Pennsylvania Medical Society

The pianist with the small orchestral group was middle-aged, plump and bald.

His nerve and enjoyment were obvious.

"I'm a physician," he confessed to his listeners. "I follow the family tradition in medicine, and as recreation I play the piano."

Through the centuries, medical men have contributed to music, painting, literature and illustration.

Leopold Auenbrugger invented percussion of the chest, and also wrote operatic librettos.

Theodor Billroth, pioneer in abdominal surgery, composed music and wrote about its physiology.

Edward Jenner, discoverer of vaccination against smallpox, played violin and flute.

Louis Pasteur, founder of bacteriology, was a musician.

Leopold Damrosch, doctor of medicine, founded the New York Symphony Society.

Among doctors who have won enduring fame as poets are Schiller, Keats and Goethe.

Literature attracted doctors Oliver Goldsmith, S. Weir, Mitchell and Sir Conan Doyle.

Gifted in the graphic arts, Richard Bright, Thomas Hodgkins and Lord Lister were famous medical men who illustrated their own books.

Leonardo da Vinci, Michelangelo, and Raphael were anatomists as well as painters.

The world of fine arts holds interest for men who practice the art of medicine.

### Jeffs Take Third Class B Victory

Jefferson-Morgan took a 3-0 victory from the Class B defenders, Avella, Friday night at Avella.

Avella had 14 first downs to Jeff Morgan's six. The Jeffs are still in contention in Class B having won three times. However, they have gone down three times to Class A foes.

Joe Burich made the score in the hard fought game.

### Federal Reserve Cuts Down on Some Requirements

In a move to spark the economy, the Federal Reserve Board Thursday trimmed bank reserve requirements for time and savings deposits.

This is expected to free about \$4.6 billion for additional bank loans.

The amount of reserves which banks must maintain against time and savings accounts is being reduced from 5 to 4 per cent starting October 25 for reserve members banks. The change is effective Nov. 1 in smaller communities.

The action was announced amid a spate of fresh statistical reports indicating the nation's economy has been lagging.

Secretary of Commerce Luther H. Hodges told a news conference that business "is going to be a little slow for a few months," but will make a good showing in 1963.

Hodges announced the gross national product advanced by \$3.5 billion to a new record rate of \$555.5 billion in the July-September quarter, but he said this was less than "what we had hoped to have."

The gross national product, the value of all goods and services produced, is the most comprehensive of all economic indicators.

Walter W. Heller, chairman of the Council of Economic Advisers, reminded a radio audience that President Kennedy is com-

mitted to proposing a substantial tax reduction next year and added: "We need it — the economy needs it to make full use of the potential it has."

Heller was interviewed on a recorded program, CBS "Capitol Cloakroom."

Wall Streeters generally welcomed the Federal Reserve Board's action freeing more money for loans, but leading spokesmen questioned whether it would make any immediate impact on the economy.

In announcing the move, the board said that one motive was to provide "for the longer-term growth in bank deposits needed to facilitate the expansion of economic activity and trade."

This was one way of saying that the move will ease credit and encourage borrowing to expand the economy.

The board estimated that the action will cut required reserves by \$767 million. Since banks generally can lend about \$6 for every \$1 of available cash, this means their lending power will be increased by about \$4.6 billion.

### Waynesburg Man

School of Banking in Rutgers, New Jersey; a member of the board of governors of the Greene County Country Club, and Waynesburg Lodge No. 153, F. & A. M. He is also active with the Waynesburg Chamber of Commerce.

Mr. Throckmorton resides with his wife, Eleanor, at 275 West Franklin Street, Waynesburg.

Mr. Malone also stated that Gallatin National Bank will lend its full co-operation in furthering the growth and well being of the area.

The bank will be open Monday, November 5, in the room at 135 West High Street, formerly occupied by Eleanor's Style Shop.

This office is about 150 feet west of the tract at High and Morris streets which Gallatin recently purchased from Attorney and Mrs. Furman Rinehart for the erection of a modern building with a drive-up facility.

The temporary quarters will have space for two officers and several tellers. All of Gallatin's financial services will be provided with the exception of safety deposit boxes. These will be provided in the new building.

### Spanish Site Of 1598 Found In New Mexico

**Santa Fe, New Mexico**  
A woman archaeologist, Florence Ellis of the University of New Mexico, assisted by her students, has uncovered definite evidence that San Gabriel del Yunque was the first seat of Spanish government in what was to become New Mexico.

It was established in 1598, nine years before the first permanent English settlement at Jamestown, Va., and 22 years before the Pilgrims landed in New England.

For three summers, Dr. Ellis has been leading her students, in groups of 60, to the San Juan Indian holdings about 30 miles north of Santa Fe. Each time they have had a six-week "dig."

During the first two years, nothing spectacular happened. But this year, the lid covering more than three centuries blew off. The first step in this great discovery came when Dr. Ellis noticed that clumps of wild morning-glories in a concentrated area of an old corn field were growing more abundantly than others in this exceptionally dry summer.

Dr. Ellis reasoned that the growth of the flowers might have been encouraged by carbonized remains of old fires. When the young archaeologists dug in they discovered walls built with stone bases and clay above. This, with the uncovering of numerous artifacts of metal,

glass, and crockery, proved old Spanish occupation. With continued digging, the whole picture opened up.

One of the most important finds was a piece of carved bone evidently intended as a decoration for a gun stock. It was probably whittled out by a Spanish soldier. It shows the towers, city walls, and house tops in some medieval city of Europe, possibly in Flanders, which was controlled by Spain at this period.

An earlier find, made by one of the Indians, was a Spanish helmet identified as the earliest known in the United States. Small portions of chain armor, a musket ball, and a cannon ball were also found. It is said to be the richest archaeological site in New Mexico and in the nation.

In 1609 when the Spanish moved the capital to Santa Fe, the site of San Gabriel del Yunque, the first capital, was largely abandoned and became buried through the years. Since the "find" was announced, individuals and representatives of organizations have rushed to the site.

New Mexico Governor and Mrs. Edwin L. Mechem were among the first visitors. Dr. K. Ross Toole, director of the Museum System of New Mexico, remarked that the first steps should be: "Save it, fence it, and mark it."

Who will do this saving, fencing, and marking on a permanent basis has not yet been worked out. The idea of having the site declared a national monument is receiving increased attention. It has also been pointed out that the Jamestown, Va., site has some 600,000 paying visitors a year. This would not only benefit the San Juan Indians but the nearby town of Espanola and indeed much of the Espanola valley, which is a financially depressed area of the state.
